

NEWARK, OHIO, TUESDAY EVENING, DECEMBER 9, 1919

THE WEATHER

Rain, snow and colder tonight. Wednesday snow; colder. Cold wave.

VOLUME 99—NUMBER 15

COAL SHORTAGE IS MADE SERIOUS BY WINTER WEATHER

Zero Temperature Promised By Weather Bureau This Week.

WEATHER CRIPPLES COAL MOVEMENT THROUGH WEST

Colorado Reports Temperature of 11 to 17 Degrees Below Zero.

Chicago, Dec. 9.—Hope of paving the way for final settlement of the bituminous coal miners strike today turned to Indianapolis as an extension of stringent fuel administration rationing orders reduced the nation's industries virtually to one half time basis. The most severe weather of the winter, with sub zero temperatures and further depletion of the diminished coal reserve, gripped nearly all of the country west of the Mississippi river, with a spread southward and eastward forecast for tomorrow and Thursday.

Minds of officials were optimistic that the miners wage scale committee would vote favorably on the recommendation of the union leaders that the government's proposal for settlement of the 39 day old strike be accepted. In that event no relaxation of the rationing orders might be expected immediately, however, officials pointed out.

Districts where the fuel reserve already virtually was exhausted were chief sufferers today from the swoop of low temperatures. At Butte, Montana, with 30 degrees below zero, hundreds were reported in distress, suffering from hunger and cold.

Zero temperatures spread over Colorado, Wyoming, Nebraska, Kansas, Missouri, Wisconsin, Minnesota, the Dakotas, northern Iowa and parts of other western states.

Severe interference with the movement of coal from the Colorado mines was caused by the cold, temperatures in that state ranging from 11 to 17 degrees below zero.

In Kansas, Missouri, Arkansas and Oklahoma where mining by volunteers from surface deposits of fuel is going on or in prospect, it was reported that such work probably would be impossible in the face of the adverse weather conditions. In Kansas, where it was hoped soon to see 100 carloads of fuel taken out. Mines for several days have been worked under circumstances that heretofore had caused a cessation of labor. Should the cold stop the production in those states, reports said much suffering might be expected.

Driving snow accompanied by falling temperatures in some places and in Montana a train stalled Sunday at Sheridan still was facing a drift. The passengers were taken into the town, however.

At Lander, Wyoming, it was 31 degrees below zero, 25 below at Livingston, Montana, with 25 below reported from various places in eastern Oregon. Great Falls, Montana, was believed to be the coldest place in the country, however, with a thermometer reading 34 degrees below zero.

Pastures in the western country were reported buried under ice and much suffering by range cattle and other exposed animals was feared.

Coal mines throughout the country the last 24 hours recorded virtually no change in the general situation. The railroad administration made further sweeping cuts in passenger trains. Beginning tomorrow nearly 300 through, local and suburban trains will be discontinued on the New York Central and the Pennsylvania alone.

COURT UPHOLDS STORAGE LAW

Prosecution For Violation of Cold Storage Laws Also Approved By Court Decision.

Columbus, Dec. 9.—Wholesale prosecutions for violations of the Smith cold storage law, a measure instituted by state officials in a drive to lower living costs, were sustained today by the Ohio supreme court, which affirmed the conviction of Theodore Leonard, Columbus poultry dealer, and upheld the constitutionality of the Smith act.

That more than a score of cases awaiting this decision would be pushed to a speedy termination was the statement by Attorney General Price following the announcement of the decision. There are ten additional cases pending against Leonard in municipal court and ten against agents and officers of the Columbus Packing company as well as several cases in a number of Ohio cities.

Leonard, who was fined the maximum, \$500 in the first case, it was said might appeal to the United States supreme court.

The specific charge upon which Leonard was convicted was that of the sale of poultry which it was charged, he had kept in storage longer than the 10 months allowed under the Smith law.

The Smith law was instituted by the attorney general several months ago in the drive launched by Governor Cox against the high cost of living. Out of 59 cases originally filed, 17 have been dismissed because of lack of evidence, according to Attorney General Price and there have been 18 convictions, either upon trial or pleas of guilty, with 24 cases still pending.

DIES IN AMBULANCE. Dayton, Dec. 9.—A heart attack on the floor of the Merchants National Bank, of which he was cashier, J. Owen Britton, former newspaper man died in a police ambulance on the way to a hospital today.

TROOPS GUARD AND FEED VOLUNTEER MINERS IN KANSAS

Army trucks bringing in supplies in Pittsburg, Kan., district and Fourth regiment detaining at Pittsburg.

Federal troops are furnishing protection and food to the volunteers enlisted by the governor of the state to work the mines to relieve the coal shortage brought on by the prolonged strike of miners. These photos show the federal troops at one of the Pittsburg, Kan., a mining center.

CITY BONDS SOLD TO PROVIDE FUND FOR SAFETY DEPT

Utilities Commission Accepts Deficiency Bonds and Money Will Be Available As Soon as They Are Printed.

An adjourned meeting of the city council was held last evening with all members present except councilman P. W. Faust. Councilman S. O. Riggs was excused at 9 o'clock. The meeting was called specifically for the purpose of amending sections 1 and 2 of an ordinance passed at the last meeting of council to fund deficiencies in the safety department.

The state utilities commission which had agreed to accept the city's bonds in the sum of \$15,377.50 after an examination of the ordinance requested that the bonds be made in denominations of \$2,000 each instead of \$1,000 as originally drawn. The request being complied with means that the city employees will receive their long overdue pay check within a very short time, just as soon as City Auditor Donahue can have them printed, properly executed and delivered to the commission.

The finance committee recommended that the salary of the city weighmaster be increased to \$22 per month. The committee also recommended the installation of scales of sufficient capacity to weigh any vehicle when loaded as the present scale is too small for freighting loaded trucks. The salary of the weighmaster has been \$40 per month and he puts in ten hours per day and is forced to eat his lunch in the weighmaster's office.

Service Director Wilson submitted a form of building permits, inspection certificate and card to be posted on the front of buildings until completed and recommended by insurance experts now engaged in making a survey of the city.

An ordinance by Messrs. Keyes, Faust and Knauber was introduced and passed which provides for the amending of sections 1 and 2 of ordinance 3159, to issue bonds in the sum of \$15,377.50 to fund deficiencies in the public safety department as provided by house bill No. 557, passed June 18, 1919, said bonds to be of the denomination of \$2,000 each.

The report of a special committee composed of Messrs. Knauber, Faust and Baker to revise the rules and order of business for the government of council, was presented in the form of a resolution which was adopted and which provides for a slight change in the order of business of council proceedings. All business to come before the council must be in the hands of the clerk before 4 p. m. in the afternoon or go over until the next meeting of council.

Plans and specifications for the proposed mausoleum for this city were presented by C. Raynor representing a Zanesville company and a Mr. Rehn representing The Columbus Mausoleum company. They were inspected and discussed but nothing was done in the matter it being carried over until the next meeting on Monday evening, December 15.

HELD FOR ASSAULTING MOTHER 86 YEARS OLD. The case of Ohio vs. Samuel Looker, of Columbia Center, was heard in Justice Horton's court Monday and Looker was bound over to the grand jury on pleas in the sum of \$300. Looker was charged with assault and battery upon his own mother, Mariah Looker, 86 years old. The affidavit was filed by Leon Stiles, a grandson of Mrs. Looker.

RUSSIAN SOVIET IS BLAMED FOR UNREST IN U. S.

New York Legislative Committee Says Bolsheviks Scatter Literature.

ANARCHISTS AID SPREAD OF REVOLUTIONARY DOCTRINE

Two Other Groups Advocate Overthrow of Government By Illegal Means.

New York, Dec. 9.—Radical agitation in this country with its resultant social unrest is not due to economic conditions, but to an organized, artificially stimulated movement under the instigation of the Russian Soviet government. This opinion will be submitted to the New York legislature in an exhaustive part by the legislative committee which has been investigating radical activities here since its organization last May, it was learned today.

Three big groups of the radical element have been supplying the forces for wholesale dissemination of Bolshevik propaganda throughout the length and breadth of the land, the report will assert: the anarchist group, including the union of Russian workers and other organizations; the syndicalist group, the main body of which are the Industrial Workers of the World and the communist group, including the communist party of America and the communist labor party. In each of these groups the overthrow of the government is the end in view.

FATE OF SLAIN MAN HELD OVER HEAD OF ITALIAN

Witness Said Quartet Threatened to Kill Him "Like the Other Man"—Scent Clue to Old Crime.

Frank Morancetti, Joe Latella, Joe Caplin and Nick Debelluso, were given a preliminary hearing before Mayor H. A. Atherton yesterday afternoon at 2 o'clock on two separate affidavits, one on the charge of carrying concealed weapons, subscribed to by Police Chief Jas. Sheridan, and the other on the charge of threatening with attempt to wound, subscribed to by Valassio Battista, all of the men being Italians.

The four defendants were taken into custody Saturday night by Chief Sheridan and a squad of patrolmen who lay in wait for them at the west approach to the Wilson street bridge, where they were to meet Battista who had promised to give them \$50, according to his story to the officials, under the threat of death. He alleged that he had previously under the same threat of death, he alleged that he had previously under the same threat given them \$30.

The defendants were represented by Attorney L. C. Russell and Frank A. Bolton and the state by City Solicitor H. C. Ashcraft and attorney John Martin. Valassio was the first witness examined and during his examination in chief made the statement that one of the defendants in the presence of the other three made the statement that unless he paid over the money he would be killed just like the other Italian was in Wilson street a couple of years ago. He reiterated the statement in cross examination.

Chief Sheridan told the part of the officials in arresting the men. He also said that another man was located between Wilson street in the lane.

MODIFICATION OF FUEL RESTRICTION IS SOUGHT HERE

Ohio Power Company Manager Makes Flying Trip To Philadelphia.

WILL CONSULT REGIONAL FUEL DIRECTOR BALDWIN

Will Put Local Situation Before Official and Ask For Exemptions.

How seriously the drastic coal restrictions ordered by Garfield may affect Newark has not been determined.

All non-essential plants are ordered to run but three days a week, but whether this applies to plants which already have their supply of coal on hand is not made clear in the order of Fuel Administrator Garfield. It is generally interpreted to mean that power can only be furnished to those not having any to the extent of running three days a week if non-essentials are manufactured.

The Garfield order was received by the Ohio Power company yesterday. This company furnishes power to a number of manufacturing and a meeting was called yesterday afternoon at 4 o'clock. The company it seems has coal enough on hand to tide them over without curtailing power to the manufacturing concerns. But whether it is imperative to only furnish sufficient for three days under these circumstances could not be decided by the company and Manager A. T. Wagenhals of the company and E. D. Leach of the Cincinnati office of Commerce made a trip to Philadelphia last night.

They went to consult L. V. Baldwin of the regional district for further information and permission. The clause relative to the furnishing of power for heating and advertising purposes was not clear and no action will be taken by the Ohio Power company until instructions are received by Manager Wagenhals.

The American Bottle company has coal sufficient to keep them in operation for a week. The American Motor Truck company does not manufacture its own power but is dependent on the Ohio Power company and its reduction in operation to three days a week will depend upon the instructions received by that company.

George Pickup of the Wehrle company stated that company was operating on fuel oil and gas was a little coal and that it was endeavoring to continue operation in that manner.

The A. H. Heisey company is operated by gas and will not be affected. The restrictions provide that lighting for street purposes is not to be curtailed, so the municipal plants will be furnished with fuel. Railroad shops, being regarded as essential work, probably will not be affected by the order.

An examination revealed that practically all of Newark factories would be directly affected by the order of Fuel Administrator Garfield.

When a factory had enough to heat its plant either lacked an independent power plant or it had enough coal to operate such plant.

A rift in the cloud was perceived when Manager Wagenhals of the Ohio Power company announced that in order to meet just such an emergency, he had purchased at a nearby mining town two culm piles, which are composed largely of slack coal and which contained a sufficient degree of heating power to operate the big power plant at Newark.

This fuel, however, is not available for anything but manufacturing purposes, so that the only problem that would have to be solved by the Ohio Power company, would be the transmission of the fuel to the plant.

Mr. Leach was assistant state fuel director for Ohio during the war. He is conversant with all conditions in Ohio and with his past experience in this work the best man to assist Mr. Wagenhals in obtaining a modification of the order.

This morning word was received from Mr. Wagenhals that service should be continued until a final order should be made.

It was indicated that a ruling would be obtained this afternoon and the result will be wired on to Newark at the earliest possible moment.

Two local trains between this city, Zanesville and Parkersburg on the P. (Continued on Page 2, Col. 3)

MINERS AGREE TO PROPOSAL MADE BY PRES. WILSON

ATTORNEY GENERAL PALMER SENDS WORD TO WHITE HOUSE FROM INDIANAPOLIS CONFERENCE WITH MINE UNION HEADS.

MINERS WILL RETURN TO WORK AT ONCE UNDER TERMS OF PROPOSAL

Men Will Get 14 Per Cent Increase and Commission Named By President Will Readjust Wage Scale For Industry Palmer Announces.

Washington, Dec. 9.—President Wilson's proposal for settlement of the coal strike was agreed to today by the representatives of the United Mine Workers of America, the White House was informed this afternoon by Attorney General Palmer at Indianapolis.

Indianapolis, Ind., Dec. 9.—The president's proposal to the striking coal miners as announced this afternoon by Attorney General Palmer here, provides for immediate return to work by the men under the 14 per cent advance and appointment of a commission to investigate and readjust wages to conform with the increased cost of living.

Mr. Palmer's telegram follows: "Statements will be given out at 2:30 central time. Contempt proceedings have been continued for one week. Miners have agreed to president's plan."

Indianapolis, Ind., Dec. 9.—The general committee of the United Mine Workers of America, consisting of international and district officials and members of the executive board and scale committee, went into executive session at 2 p. m. at a local hotel to act on President Wilson's proposal for settlement of the coal strike. The men appeared in high spirits and laughed and talked among themselves.

No statement was given out before the meeting.

Indianapolis, Dec. 9.—Hearing on the charges of contempt of court, filed against 84 general and district officials of the United Mine Workers of America was postponed until next Tuesday morning by United States District Judge E. A. Anderson on motion of E. Barnes for the government, when the case was called here today.

The miners officials, including acting President John L. Lewis and Secretary Treasurer W. G. Green, of the international organization were charged in informations filed by United States District Attorney L. E. Slack and Dan W. Simms, special assistant, with violating the temporary injunction granted by Judge Anderson, restraining them from encouraging or furthering the strike of 400,000 bituminous coal miners of the country.

The postponement was taken pending the outcome of the meeting of the officials here this afternoon to act on the plan of President Wilson for ending the strike. The plan was submitted to President Lewis and Mr. Green by Attorney General Palmer in Washington last Saturday. No intimation of the proposals contained in the plan had been made known this morning.

United States District Attorney Slack moved the postponement of the arraignment of the federal grand jury summoned by Judge Anderson to investigate alleged violations of the Lever and anti-trust act by operators, miners and coal dealers, and the court acted Wednesday, December 17 as the day.

The postponement of the contempt hearing also included the cases of the two local unions at Clinton, Indiana, who were named in a separate information.

At the conclusion of the court session this morning G. L. Grant of Pittsfield, Arkansas, one of the counsel for the miners, announced that he had filed an appeal in the mt. injunction case with the United States court of appeals in Chicago yesterday. He said that he had asked for early consideration but could say when an opinion in the case might be expected.

Miners and government officials continued this morning in their refusal to make public the terms of the proposal made by President Wilson Saturday night on which hinges the settlement of the strike. However, Attorney General Palmer said that he would have a statement to make later in the day.

The court proceedings were opened this morning by Judge Ames, who briefly reviewed the legal phases of the strike situation and called attention to the prospect for settlement of the strike. His statement, however, gave no indication of intention on the part of the government to discontinue the proceedings against the miners.

Judge Anderson made no comment on the request of the government or statements by attorneys for the miners that this course taken with their approval would be a review of the legal phases of the strike. However, Attorney General Palmer said that he would have a statement to make later in the day.

The meeting of the miners this afternoon was called for 2 o'clock. The meeting was closed and there was no indication of the length of time the miners would consume in discussion of the proposals.

URGES MINERS TO ACCEPT WAGE OFFER. Washington, Dec. 9.—Secretary Wilson today sent a telegram to John L. Lewis, acting president of the United Mine Workers of America, urging the

ITALY WANTS ACTION. Rome, Dec. 8.—Premier Nitti is asking England for a preliminary note on the Adriatic question while Lloyd George and French Premier Briand are discussing in London, according to the Journal.

STACHER WINS MATCH FROM WALDEC ZBYSZCO. New York, Dec. 9.—Joe Stacher threw Wladec Zbyszko in a catch-as-catch-can wrestling match after two hours, 24 minutes and 16 seconds. Stacher won the fall with a necklock on the head and an arm lock.

TRAINS ARE CANCELLED. Portsmouth, Dec. 9.—Announcement has been made by local officials that two trains on the Norfolk and Western, the Chesapeake and Ohio, and the Baltimore and Ohio, running into the city, have been cancelled as a conservation measure.

BIG DEMONSTRATION IN MEXICO FOLLOWING ANGELES' ARREST

View of the protest demonstration passing government buildings in Chihuahua.

When General Angeles was arrested by the Carranzistas the people in Chihuahua City staged a big protest demonstration and called on the authorities to release the former federal commander. Threats by Villa to make reprisals for the death of his lieutenant were greeted with acclaim.

EXPECTS ANOTHER WELL ON FARM NEAR PERRYTON

Ohio Fuel Has Two Fine Producers on McDonald Farm and Third Is Due This Week.

No. 2 on the Guy McDonald farm near Perryton is expected in this week. It is being drilled by the Ohio Fuel Supply company. The company had No. 3 come in last week ahead of the second well. Both No. 1 and No. 3 have made a big showing, flowing from 200 to 225 barrels.

STARTS NEW WELL.
The Ohio Cities Gas company started work on F. L. Kilpatrick No. 1 yesterday. The well is in the district northeast of Perryton.

WELL EXPECTED IN TODAY.
Ralph Brothers are in the sand today on the David Kochensparger farm in Perry county. They expect to drill in the well this afternoon.

ERECTING RIG.
A rig is being erected on the W. G. Saffel farm in Perry county by Ralph Brothers.

EXPECT WELL THIS WEEK.
Boone 46 of the Ohio Cities Gas company is expected in this week. The well is in Licking township, Muskingum county.

WELL DRILLERS IDLE.
The Ohio Cities Gas company has two strings of tools idle owing to a shortage of coal and a third shut down will come this week. In the Walbonding district a number of shut-downs have occurred.

TEST WELLS SHOW GAS.
In Smith township, Belmont county, the Natural Gas company of West Virginia has a gasser on the Harriet Warren farm, and the same company's test on the Crawford Neff farm is a gasser. The same company is due at a test on the Galvin Vobley farm. In Wayne township the Belmont Drilling company's test on the T. J. Vawter farm is a fair gasser, and C. P. Washburn & Co.'s test on the Carroll Robinson farm is a duster. The Virginia Petroleum company is due in the sand at a test on the Perry Wise farm, and in Wellsville district, Columbus county, J. K. Turner has a very light pumper on the K. G. Brand farm.

TEXAS INCREASES PRODUCTION.
Production of the North Texas fields for the week ending 24th November daily a gain of 4,150 barrels over the daily production of the previous week. The Burk Burnett pool, with a credited production of 92,480 barrels, made a gain of 4,020 barrels over the previous week. Eastland county increased 1,083 barrels. Stephens county gained 4,480 barrels and the Desdemonia pool lost 2,615 barrels. Development is expected to show up again following the heavy rains, and the severe cold weather has also tended to retard drilling in some sections.

OIL IN SANDUSKY.
In Erie county Ohio the Huron Oil and Gas company has found a small showing of oil at its test in the southeastern section of Sandusky. Whether or not the well makes a paying producer now remains to be seen by deep drilling. A contract has been let for the drilling of the first well for oil in the vicinity of Deerfield, Mich., on the farm of Frank Roe, in Dunder township. The contract was let to William A. Millan, of Genoa.

OIL PRICES.
Crude oil prices for the various grades reached by the Standard Oil and Texas company pipe lines are as follows at the wells: Pennsylvania and Southern Ohio \$2.25, Cuyahoga \$2.19, Cabell (W. Va.) \$2.02, and South Lima \$2.13. Wooster (Ohio) \$2.20, Illinois \$2.77, Indiana \$2.63, Princeton and Illinois \$2.77, Plymouth (Ill.) \$2.53, Somerset \$2.87, Ragland \$2.55, Kansas and Oklahoma \$2.57, Corsicana light \$2.23, Corsicana heavy \$2.15, Houston \$1.25, Electric, Thrall, Henrietta, Durk Burnett, Strawn-Moran, Cushing, Ranger and Yale \$2.28, DeSoto \$2.15, Creighton \$1.75, Cadizo 38 degrees \$2.25, Cadizo 35 degrees \$2.15, Cadizo 32 degrees \$2.10, Cadizo crude 75c, Wyoming Elk Basin \$1.55, Grass Creek \$1.50, Big Muddy \$1.50, Salt Creek \$1.50, Leander \$1.25, Thermopolis \$1.10, Jennings, Vinton, Sour Lake, Humble, Goose Creek and Markham \$1.25.

CHICAGO FIRM LOOKS AT PLANT

Jewett Car Company Site Is Examined by Representative of Firm of Rail Equipment Builders.

A. P. Williams of Chicago is in the city today with a view of looking over the plant of the Jewett Car company. Mr. Williams is of the A. P. Williams & company of Chicago, who deal in cars, railroads, locomotives, and all railroad equipment.

THIEF STEALS TIRES FROM AUTO IN GARAGE

Some one entered the garage of Fox Brothers in Wilson street the other night and stole four tires off his Buick touring car. The old barn and lot on the north side of the street here approaching the bridge across the South Fork of the Licking river had lately been purchased by Fox Brothers and had been repaired and placed in use as a storage house and garage. One of the brothers had taken the batteries out of the car and that is the reason the car was probably left and just the tires stolen. The owners of the garage also had one of their trucks stored there and a Ford delivery car. The tires were not bothered. Entrance was effected by prying out staples. The Fox Brothers suffered a loss of \$300.

CLEMENCEAU GOES TO LONDON.
Premier Clemenceau will leave for London tomorrow night to confer with Premier Lloyd George on "serious questions of the present hour," according to several newspapers.

Celluloid curtains operating on spring rollers have been invented for automobiles.

RUSSIAN SOVIET

(Continued From Page 1)

the government by illegal means, including violence is the weapon urged upon the masses, the report will state.

New York is one of the big headquarters for the organized movement, the report will point out, with Chicago, Cleveland, Detroit and virtually every industrial center from the Atlantic to the Pacific harboring a headquarters for the radical campaign.

In the six months of the committee's active investigation practically every nook and cranny in Greater New York, where radicalism extending to all sections of the country had its nest, was investigated. Hundreds of arrests have been made on information furnished by the committee. Scores of indictments for criminal anarchy have been returned on data procured and made available by it.

The first conviction for criminal anarchy in the United States is claimed for New York on information furnished by it on which Carl Plavio and Gust Alonzo, members of a Finnish radical newspaper here, who are serving sentences of from four to eight years in Sing Sing. (The so-called Chicago anarchists arrested in the Haymarket riots, 33 years ago were convicted of murder and not anarchy.)

Upwards of 200 men have been employed by the legislative committee in its investigation of the radical movement.

FATE

(Continued From Page 1)

leading to the Pankhandle bridge and that he fired two shots at him in an endeavor to capture him.

In Pattasta's examination by the state, he said that he had only become acquainted with the men about a month ago and that shortly thereafter they made the demand upon him for \$30 in the nature of a loan, and when he could not make it later they told him he could make lots of friends by doing as they wished and they told him he must bring \$50 more else he would be killed just like the other one in Wilson street. He said they told him they were members of the "Black Hand."

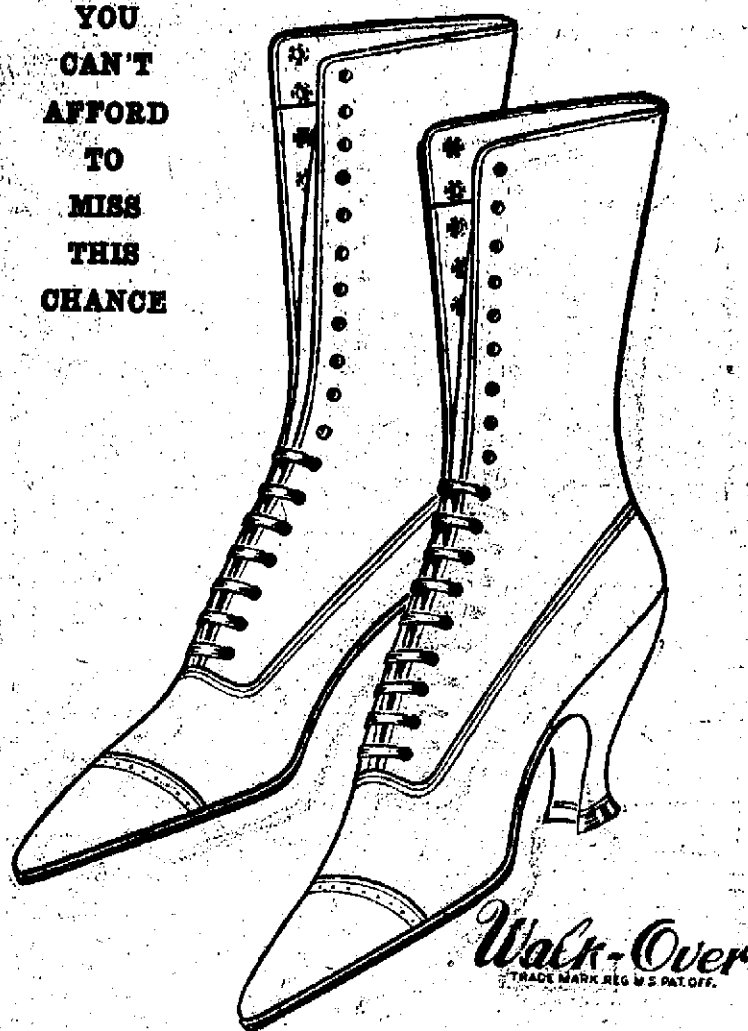

In the cross examination it developed that Pattasta had boarded and roomed with Frank Moranetti nearly three years ago and that he had left his home on account of a quarrel. It was also brought out that he was boarding and rooming with the brother-in-law of one of the defendants at the present time and frequently met him at that place.

When Debelisco was searched no weapons were found upon his person but a revolver and two dangerous looking knives were found upon the other three. After hearing the evidence Mayor Atterton bound the four men over to the grand jury in the sum

of \$2,000 on the charge of threatening to strike with intent to wound and an additional \$2,000 each against Moranetti, Latella and Caplin on the charge of carrying concealed weapons. It is believed that there is more back of the story than Pattasta has told and a further investigation will be made by officials who are handicapped by the fact it is a task to get the foreigners to talk and when they do it is in a manner which is hard to comprehend.

PICTURES SHOW HOW FIRE WALL SAVED ADVOCATE APPELATE COURT MUST HEAR CASE APPEALED BY CITY

Photographs Made on Roof of Advocate Show How Close Flames Come to Newspaper Plant.

Pictorial evidence of the value of a fire wall is herewith presented, the pictures being made from photographs taken of the fire ruins of the Music Hall, from the roof of the Advocate building. The top picture shows one of the windows in the wall of the

Music Hall. Through these windows the flames poured when the fire was at its height. Further to the left of the point shown in the picture is an area, way where the flames rolled against windows in the Advocate building. Steel frames and wire-drawn glass prevented invasion of the Advocate building from that quarter. In this picture the Advocate fire wall is shown, it being the metal covered ledge just below the sill of the window. This wall extends 12 inches above the Advocate roof as prescribed by the fire regulations.

The lower picture gives some idea of the completeness of the destruction wrought in the Music Hall. Charred beams, twisted supporting rods and the mass of bent and twisted tin which was one of the roof of the building.

Work on the Rider building is being carried on rapidly and the debris is being removed in preparation for repairs which will be started as soon as possible.

Schaus Brothers, grocers, are removing that portion of their stock which was undamaged by water. The remainder will be inventoried and upon this invoice the adjusters will base their settlement.

The firm announced today that the report that a carload of sugar, stored in the basement of the firm, was destroyed, was so absurd that the members of the firm did not deem denial necessary. However the report became so widely circulated that the denial was issued.

On the day before the fire a barrel of sugar was delivered to Schaus Brothers, it was announced, and more than one-fourth of its contents had been sold to customers of the firm. The remainder was carried out of the store before any damage was done.

"The report that we had a carload of sugar in the basement would not be credited by any thinking man," one of the members of the firm said. "Sugar is not stored in basements and in the present sugar shortage few carloads of sugar are delivered to retailers."

An inventory is being taken of the damaged Schaus store today and as fast as possible the goods are being removed to No. 40 South Second street next to the Brown feed store, where a sale will be inaugurated possibly the last of the week.

JOINS CAVALRY BRANCH FOR BORDER SERVICE

Cary A. Eagle enlisted yesterday for cavalry service on the Mexican border, at the local army recruiting station his home is in Utica, Route 1. He departed this morning for Columbus barracks where he will receive his final examination and be supplied with uniform and other necessary accoutrements and from there he will be sent to El Paso, Texas, for assignment. Dewey M. Proctor is at present at the Recruiting Station awaiting verification of age which must come from his home at Kimbolton, Ohio.

The recruiting station is at the post office and is open all day and evenings. Sergeant Barlow, who is in charge of the office will be assisted by Private Hamerchak who has been ordered from Marietta to this station. He is expected to arrive today.

Brevity Safest.
Do you give me credit for wisdom? asked the judge.
Certainly, replied the lawyer, who had just started on a long-winded and wearying argument.
Well, just remember, said the judge, that a word to the wise is sufficient.—Philadelphia Inquirer.

Refusal of Court of Appeals to Hear Suit Against American Bottle Company Is Reversed by Higher Court.

The decision of the Licking county court of appeals in dismissing the suit of the city of Newark against the American Bottle company for pay for city water used by the company was reversed by the Ohio Supreme court today and the court of appeals was instructed to hear the appeal of the city from the decision of the common pleas court, according to an Associated Press dispatch to the Advocate. The common pleas court gave the city \$8,707 but the city claimed \$49,000 due for water clandestinely used by the company.

Judge T. B. Fulton presided at the hearing in common pleas court and the city was represented by City Solicitor H. C. Ashcraft and Attorney Frank A. Bolton. After the court's decision the attorneys for the city took the case to the court of appeals on error and appeal and that tribunal dismissed the action stating that it was non-appellable. Attorney A. Stael was then called into the case by the city and assisted Messrs. Ashcraft and Bolton in preparing the brief for the supreme court.

The decision of the supreme court in favor of the city means that the court of appeals must now hear the case and it will be taken before that court at its next term. The American Bottle company at the former hearing was represented by Messrs. Flory & Flory, and Fitzgibbon, Montgomery & Black of this city, and Brown, Geddes, Schmettau & Williams of Toledo, O.

Pleads Guilty.

In common pleas court in the case of the State of Ohio, ex rel., Elizabeth Samis vs. Andrew Taft, a paternity suit, Taft entered a plea of guilty. He was ordered to pay \$12 per month for the support of the child, and \$40 expenses.

For trial Wednesday: Sasser vs. Smythe, administrator, a suit for services.

Case Is Settled.

Catherine Schlager vs. W. D. Fulton, a suit growing out of the occupation of room on West Main street by the Magnolia theater; Judgment of settlement entered.

Order Is Issued.

In the case of Charles King vs. Allen Lott, et al., order was made to substitute party by December 20, or case will be dismissed.

Case Is Submitted.

James W. Hoppes, et al., vs. C. D. Lake, et al., a suit to restrain a ditch assessment. Submitted to the court.

Is Found Guilty.

In the case of state, ex rel., Glen Pawn vs. Glen Rowland, a paternity case, a verdict of guilty as charged in the complaint was returned.

Demurer Overruled.

In the case of Daniel F. Kneer vs. B. & O. railroad Co., a suit for damages for personal injuries, the court overruled a demurer to the petition and gave defendant leave to file answer.

Hears Suit on Note.

The court and a jury heard the evidence in the case of James O. Cooksey vs. Wm. H. Rbe, a suit brought to recover upon a promissory note.

Lodge Is Tax Free.

In the case of Licking Aerie Eagles vs. Fred S. Wilson, a suit brought to restrain the collection of taxes levied upon the real estate of plaintiff upon the ground, as alleged in the petition, that the plaintiff is devoted exclusively to benevolent and charitable work, and, under the law and constitution, should be required to pay taxes upon its property. The court held, that, admitting the facts alleged in the petition to be true, the property should be exempt from taxation, sustaining the demurrer to the petition. The defendant then asked and obtained leave to file an answer.

Commissioners Named.

James Jones, A. H. Richert and M. J. Reese were appointed commissioners to make partition in the partition suit brought by Anna Baker.

Pataskala Case Again.

"Village of Pataskala vs. George Emsweller; a suit upon a bond, growing out of a contract for the erection of the town hall; Demurrer overruled in part, and sustained in part.

Case Is Assigned.

C. C. Parido vs. Ray Brosius; an action to dissolve a partnership and for an accounting; Assigned for hearing December 17th.

A Rockwell, Maine, man set a trap for a fox which was killing his chickens, and got a silver gray fox worth \$1,500.

NOTICE.

The Ohio Securities Company, a corporation organized under the laws of the State of Ohio, an association doing business under the name of The Ohio Securities Company, and holder of license No. 860 with a place of business at Newark, Ohio, has applied on the 8th day of December, 1919, to the Commissioner of Securities of Ohio for leave to amend such license by adding thereto the name of the following person as agent.

R. H. Minter, Cadiz, Ohio. 12-9-19

NOTICE TO BIDDERS.
Sealed bids will be received by the Director of Public Service, of the City of Newark, State of Ohio, at the office of said director until twelve o'clock noon, January 2nd, 1920, for furnishing the city's requirements of lamps for one year (approx. \$120,000). Each bid must contain the full name of every person or company interested in the same, and be accompanied by a certified check on some solvent bank in the sum of One Hundred Dollars as a guarantee that if the bid is accepted a contract will be entered into and its performance properly secured. Should any bid be rejected such check will be forthwith returned to the bidder, and should a rejected such check will be returned upon the proper execution and securing of the contract.
The right is reserved to reject any and all bids.
By order of the Director of Public Service.
EDW. WILSON.

LEGAL NOTICE.

In the Common Pleas Court of Licking County, Ohio,
The African Methodist Episcopal Church of Newark, Ohio, Ex parte.

Notice is hereby given that on the 1st day of December, A. D. 1919, the African Methodist Episcopal Church of Newark, Ohio, filed its petition in the Common Pleas Court of Licking County which cause is now pending in said Court praying for an order of said Court authorizing and empowering said Church to borrow money and encumber the church property now belonging to said Church and described as follows:

Situated in the City of Newark, Licking County, Ohio, and being all those parts of Lots numbers thirty-eight (38) and twenty-three (23) in said City which is bounded and described as follows, to-wit:

Lots 38 and 23 one hundred and forty-eight (148) feet; thence easterly parallel with the north line of said Lot No. 23, fifty (50) feet; thence southerly parallel with the east and west lines of said Lot one hundred and forty-eight feet to Church Street; thence west on Church Street fifty feet to the place of beginning.

POSSE KILLS TWO BANK ROBBERS; THIRD CAPTURED

Mysterious Telephone Call
Tips Off Plot to Enter
Bank—Robbers Were
Striking Steel Workers,
All Foreigners.

Orwell, Ohio, Dec. 9.—Two bandits were killed, a third was injured and a fourth made a successful escape when Sheriff R. C. Eldred and five deputies prevented a robbery of the Orwell Banking company's bank here about 1 o'clock this morning.

The two dead bandits are Steve Andrews, 20, and John Znesky, 25. The wounded man, now lodged in the county jail at Jefferson is Joe Bourazackis, 22. The man who got away is John Borenski, 23, according to a statement said to have been made to authorities at the county jail by the captured man.

The four bandits were employees of a steel mill in Pittsburgh, who were out on strike. They came here last night in an automobile.

According to the story told by Bourazackis, they left Pittsburgh with the intention of going to Orwell, Ohio to rob a bank. By mistake, he said, they went to Orwell.

The bandits were "caught red handed" by Sheriff Eldred and his crowd, the two men being killed and the third wounded when they ran from the bank, after a shot had signalled them that the officers were on their trail.

The bodies of the dead bandits are in a morgue in this village. The wounded man is in the county jail and probably will recover from his injuries. The automobile in which the four made the trip was taken by the sheriff and is at Jefferson.

Last Thursday night, when Sheriff Eldred was giving a dinner party to a group of his friends at his home in Jefferson, he received a long distance telephone call, and a voice at the other end said:

"There is a bunch going to rob the Orwell bank tonight." The message was said to have come from Wooster. Sheriff Eldred attempted to run down the source of the call, but was unable to do so. He began at once, however, to watch the Orwell bank and the result of his watchful waiting policy was the affair of early this morning.

The sheriff with his regular deputies, H. D. Hannum and L. D. Moury, and five others sworn in especially for the occasion went to Orwell last night to watch the bank. They "camped out" near the institution and watched the men jimmy open the window and enter the bank. They heard them apply a drill to the vault. They had left one of their number on the outside and in some manner one of the sheriff's crowd fired a shot at him which attracted the bandits to the outside. When they saw the officers they ran. The officers yelled "halt" and when the bandits refused to do so they opened fire. Sheriff Eldred was slightly wounded.

Dentist's Recipe for Pyorrhea, Bleeding Gums or Loose Teeth

If your teeth are loose or if your gums are receding and are sore, tender or inflamed, if they bleed easily, are spongy, flabby or colorless and discharge pus, go to T. J. Evans and get a one ounce jar of Epithol and gently rub a little over the gums with your finger tips each night and morning.

This is a famous dentist's prescription for such serious gum diseases as Pyorrhea or Riggs Disease which makes the teeth loosen and fall out and usually brings prompt relief from all the dangerous symptoms. Loose teeth should tighten, and gums grow sound and healthy in a short time. Epithol is easy and pleasant to use, and not expensive as one ounce will last for many weeks. Anyone suffering from Pyorrhea or Riggs Disease or Sore, Tender Gums should give this remedy a trial.—Adv.

THOUSANDS FEEL SAFE WITH DUFFEE'S

Duffee's Cough Syrup has been on the market for thirty-five years, and in that time it has become a household remedy in many thousands of homes, where it is always kept to check the first indications of colds and coughs. Used with Duffee's Fifty-Fifty Tonic Laxative, it will overcome the severest cold and relieve the most distressing coughs. Because it is harmless, no one need hesitate to use this invaluable family remedy.

Visit your druggist or grocer and get a bottle of it. Keep it in the house for emergencies. Don't let colds weaken your system and prepare the way for serious diseases.—Adv.

Reserved Ammunition.
Do you mean to say you have a phonograph and no records?
Yep, only use it as a threat.—Judge.

VIGOROUS MEN AND WOMEN ARE IN DEMAND

If your ambition has left you, your happiness has gone forever unless you take advantage of T. J. Evans' magnificent offer to refund your money on the first box purchased if Wendell's Ambition Pills do not put your entire system in fine condition and give you the energy and vigor you have lost.

Be ambitious, be strong, be vigorous, bring the ruddy glow of health to your cheeks and the right sparkle that denotes perfect manhood and womanhood to your eyes.

Wendell's Ambition Pills, the great nerve tonic are splendid for that tired feeling, nervous troubles, poor blood, headaches, neuralgia, restlessness, trembling, nervous prostration, mental depression, loss of appetite and kidney or liver complaints.

You take them with this understanding that in two days you will feel better. In a week you will feel fine, and after taking one box you will have your old time confidence and ambition or the druggist will refund the price of the box.

Be sure and get a 50 cent box today and get out of the rut. Remember you are not to be satisfied until you are.

WIRE BRIEFS

Cleveland—Handley-Paige airplane forced to land here recently on non-stop flight to Chicago from New York, will be stored here for winter.

At All Drug Stores

STOP TOBACCO

Stop tobacco for a month and see how much better you feel. You can stop without suffering any inconvenience or feeling the usual craving. Simply get a box of Nicotol from any druggist, use as directed and the habit quits you. Your health will be better, your resistance to disease will increase and you will cease to be a slave to nicotine. Read what Dr. Conner formerly of the Johns Hopkins Hospital, says about the evil effects of tobacco in an article soon to appear in this paper. Nicotol is dispensed by all good druggists in this city, especially by T. J. Evans.

Let the Character of Your Gift Be Practical

Newark's Big Furniture Store Is the Center of Attraction For Holiday Buyers

Carlile's is a real metropolitan store where you may rightfully expect the service, the quality and assortment of merchandise equal to that found in the big City institutions.

This store will be operated under the same fundamental principals which have made Carlile Stores Famous throughout central Ohio for over fifty years.

As a gift store, we provide worth while practical holiday suggestions that will be appreciated by the entire family. Gifts that will be a daily reminder of the given long after the occasion of giving has passed from memory.

We invite you to come to our store if only to look. Your close observation of our immense and varied stock of furniture and kindred lines will materially assist you in solving the gift problems.

Our policy of quality, moderate price and better service will make you a life time patron of this new institution.

LIEUT. C. R. JONES TELLS OWNER HOW GLASS AIDS NAVY

Youngstown Man Loaned Telescope to Help Defeat Hun Sea Wolves—Jones Used The Glass.

A mariners telescope used by Lieutenant Clarence R. Jones of Newark and loaned by Billie St. Campbell of Youngstown played an active part in ridding the Mediterranean sea of German and Austrian boats, according to the Youngstown Sunday Vindicator. The history of the glass was given by Jones on a recent visit to Youngstown when he called on Campbell. The Vindicator tells the story as follows:

"The man who narrated the story of the valuable, almost magical glass was Lieutenant Clarence R. Jones of Newark. Lieutenant Jones came here from Newark, largely because Campbell had heard briefly of the work of the device, information first handed from the man who handled it.

"The high seas fleet of the French and British were located near Corfu, Greece, and with only a limited amount of depth bombs to set off, were meeting with rather indifferent success in crushing out the under sea menace. Then America entered the war, America came prepared. Where the French and the British had put out from one of three depth bombs, Americans would let go 18 at a time. The work of the British and French, up until the time the Americans arrived, had been a matter of shore jolts with the crews of the German and Austrian subs. But when the Yankees came and went after them tooth and nail, the subs were crippled and sunk within a month by the combined efforts of the American, British and French vessels operating in that vicinity.

"Now Campbell's glass, this into this operation of the submarine and, by the way the Youngstown man donated three—can be explained by saying that it was mounted upon a tripod on a point of land which reported the cases of the British and American subs. This British Admiral being the senior officer, was in command and flashed his orders from his flagship to Lieutenant Jones who received the signals by using the glass. In turn, the orders were relayed to the French fleet. The glass was, therefore, responsible for every movement of the three allied fleets.

"Campbell listened to the narration with intense interest and requested Lieutenant Jones to write a log of the glass so that it could be passed on to posterity. This, the latter agreed to do. "Lieutenant Jones remained in Australia until July of this year, being United States representative in charge of the surrendered ex-Austrian fleet. His duties called him first to France and then Poland. He had excellent opportunity to study the habits and ways of the people, and Campbell was very much interested in this.

"While in this city, he was a guest of his sister Mrs. P. C. Adams, 201 West Erie avenue."

NEIGHBOR HELD FOR MURDER OF BILLY DANSEY

Charles White and Edith Jones Arrested on Orders of Prosecutor Who Says Mystery Will Be Cleared Up.

Hammondton, N. J., Dec. 9.—Charles S. White, next-door neighbor of the Dansey family, was arrested last night charged with the murder of "Billy" Dansey.

Mrs. Edith L. Jones, housekeeper for Councilman Edward H. White, father of Charles S. White, also was arrested, charged with having been an accessory after the fact.

The body of three-year-old "Billy" Dansey was found by a hunter in a swamp near here November 21. The boy had disappeared from his home several weeks previously, and a nationwide search had been conducted for him on the theory he had been kidnapped.

White is the owner of the "dahlia farm" adjoining the Dansey farm. He is 29 years old and the father of "Charlie" White, the child playmate of "Billy" Dansey. The elder White told investigators at the time of "Billy's" disappearance that he had seen the child in his dahlia fields.

When the body was found Dr. Louis R. Souder, the county physician who examined it, said that there was no evidence of foul play, but that the vital organs and all parts of the body which would have aided in disclosing how the boy died had disappeared.

Edmund C. Gaskill, County Prosecutor, declared tonight that he had sufficient evidence to show that the boy was murdered and to clear up the mystery surrounding his death. He refused, however, to give information as to the grounds on which the warrants were obtained against White and Miss Jones.

HAVE STRONGER BODY AND BRAIN

If your Nerves are Shattered by Worry, Overwork, Over Indulgence or by Excesses of any Kind Evans Triple Phosphates are What You Need Right Away.

It matters not what excesses have wrecked your nerves. Evans Triple Phosphates are guaranteed to stop your trembling, to restore your confidence, to drive away forgetfulness and to make your mind keen and alert to change your sluggish disposition for a vigorous, active one or money back.

If you have worked too hard, lived too rapidly or have become weak, nervous, lost ambition because of excesses arouse yourself right now and get a large bottle of Evans Triple Phosphates. Take according to directions or as your physician may direct for at least 10 days and then if you don't feel stronger, better and more ambitious, get your money back. That's how speedily it acts.

All pharmacists dispense Evans Triple Phosphates in the original bottle. Evans Cut Rate Drug Store keeps it on hand all the time and says the demand is increasing every day.—Adv.

FAILED TO RECOVER HER HEALTH AFTER INFLUENZA ATTACK

This Binghamton Resident Tells Why She Can Recommend Dr. Williams' Pink Pills

"Following an attack of influenza," says Mrs. Mary E. Baxter, of No. 119 Hawley street, Binghamton, N. Y., "I was so badly run down that it was a great effort for me to get about. Nothing seemed to help me and I was getting worse all the time.

"I was very nervous and restless and started at every unusual sound. My sleep was broken and unrefreshing and as a result I felt tired and 'dopey' all the time. My stomach was upset and there was a pain in my left side after a meal. I also suffered from a severe, pressing headache.

"Several years before, I had taken Dr. Williams' Pink Pills as a tonic and they were so successful that I tried them again and was more than rewarded. In a short time my stomach was toned up so that I could eat a good meal with enjoyment. My strength slowly returned and I gradually overcame the nervousness. I can now sleep soundly and feel ambitious and active. Dr. Williams' Pink Pills are certainly an excellent tonic and I recommend them most heartily, especially for after-effects of influenza."

Dr. Williams' Pink Pills are sold by all druggists, or will be sent by mail, postpaid, on receipt of price, 50 cents per box; six boxes, \$2.50, by the Dr. Williams Medicine Co., Schenectady, N. Y. Write today for the free booklet, "Building Up the Blood."

DEBATE CANDIDATES TO GET TRYOUT FRIDAY

Both Zanesville and Mt. Vernon have accepted the question for the triangular debate this year, proposed by Newark. There was no debate last year owing to the fact that neither Zanesville nor Mt. Vernon wished to debate. However this year, both high schools expressed willingness to participate and work is under way. The question for this year is "Resolved that the United States should prohibit immigration for a period of five years. The debate will take place early in the spring. The first preliminary in Newark high school is to be held Friday. There will be no eliminations in this tryout. All boys and girls are free to try for the debating team. The question for the first preliminary is "Resolved that all foreign born residents of the United States who advocate a change of government by violence shall be deported. The tryout will be in one of the largest rooms of the high school on Friday afternoon.

The second tryout will be held one week later at the high school. It will be then that the team will be chosen. The speakers are limited to five minutes.

SCARLET FEVER AND DIPHTHERIA GAINING

Columbus, Dec. 9.—Incomplete diphtheria and scarlet fever reports for November, said the state department of health today, promise to go beyond the October case report totals of 1232 and 885, respectively. The outbreaks are scattered over the state, with 13 localities reporting more than 10 cases each for the month.

Parents are advised to guard their children against exposure and school officials are urged to institute close medical supervision of pupils as a means of detecting early cases.

Pious Wish.
I hear your father is ill.
Yes.
Is his malady contagious?
I hope not. The doctor says he is suffering from overwork.—Detroit Free Press.

Not Wanted.

He ought to be suppressed. Next thing you know we'll have another language to study.—Louisville Courier-Journal.

Overvalued.
X—I don't see why you should kick. You got \$5,000 with your wife. Wasn't that enough?
Y—Oh, the money was enough, but the wife was too much.—Answers.

NAVY OFFERS 15,000 BLANKETS FOR SALE

Approximately 15,000 new unused Navy blankets, all wool, 64x84 inches, have been subscribed for during the last week. A sub-station of the Philadelphia postoffice is being established in the Navy Yard for the purpose of dispatching these blankets by insured parcel post with the least possible delay.

Emergency arrangements have been made for the expeditious handling of the immense mail order business occasioned by this effort of the Navy Department to provide, in so far as possible, an attractive bargain for the home, a practical Christmas present.

It is expected that orders will go forward, in the future, within 24 hours after their receipt. Requests for these blankets should be accompanied by postoffice money order or certified check for \$3.23 plus postage and parcel post insurance charges. Each blanket wrapped weighs five pounds and the exact additional amount for postal charges may be obtained from the local post office.

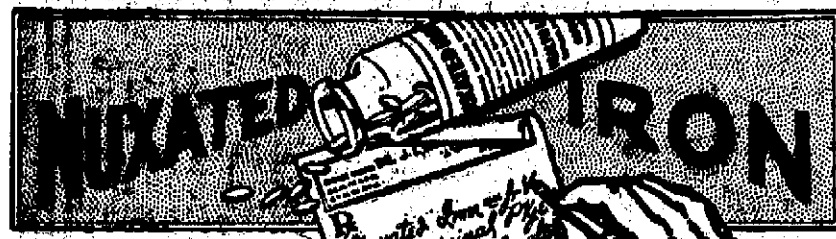

All checks and money orders should be payable to Commander J. D. Robnett and these attached to the written order, should be enclosed in an envelope addressed to him, in charge Navy Surplus Stores, Navy Yard, Philadelphia, Pa.

Annoying delays and unnecessary correspondence will be avoided by careful observance of the above instructions and by making sure that the full name and proper address of the purchaser are very plainly written at the end of the letter ordering this material.

There is no limit to the quantity for which requests may be made as the surplus supply is believed to be equal to all demands, but orders should be forwarded as soon as possible in order to avoid the Christmas congestion of the mails. Timely notice will be given as the stock nears exhaustion. Club, retail or municipal orders in quantity will be given the same prompt attention as individual orders, but each order must include but one address.

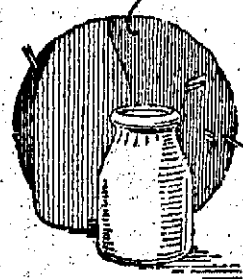

Sea Water Gold.
What has become of the man who had a receipt for getting gold out of sea water?
He succeeded in doing it. He gave up fooling with laboratories and took over the bathing privilege at an ocean side resort.—Washington Star.

Victim—I did, but he didn't hear me.—Panther.

NUXATED IRON

"To help make strong, keen, red-blooded Americans there is nothing in my experience which I have found so valuable as organic iron—Nuxated Iron," says Dr. James Francis Sullivan, formerly physician of Bellevue Hospital (Out-door Dept.), New York, and the Westchester County Hospital. Nuxated Iron often increases the strength and endurance of weak, nervous, run-down people in two weeks' time. It is now being used by over three million people annually, including such men as former U. S. Senator and Vice-Presidential nominee, Chas. A. Towne; United States Judge G. W. Atkinson of the Court of Claims of Washington; Ignace Jan Paderewski, Premier of Poland and master pianist; former U. S. Senator William E. Mason, and others. Nuxated Iron is dispensed by all good druggists everywhere.

How You Can Save on Cream

INSTEAD of that expensive little bottle of cream you buy when you want "extra good" cereal or coffee, use Every Day Milk.

It looks like cream and is very much like cream.

No wonder! For out of over a quart of rich milk most of the water has been taken, leaving all the rich goodness, all the nourishment, and this is put in a bright, new tin and sterilized—safe—clean—pure—delicious.

Now all this double richness you can buy for about what a bottle of milk costs—and for about half what a tiny bottle of cream costs!

Be independent of the ice man and the milk man. Every day use Every Day—the safe and pure milk.

"MABEL NORMAND in 'Jinx'"

AUDITORIUM.
"The Miracle Man."
From the solid slums of New York's Chinatown to the grandeur of high mountains and the majesty of the ocean—that is the range of the setting in "The Miracle Man," the big new Paramount-Artcraft picture, which is being screened at the Auditorium theater, now. The same expansiveness of vision is reflected in the absorbing story, written by Frank L. Packard later dramatized by George M. Cohan, and produced with striking success on Broadway.

The central figure is a white-haired patriarch, who lives in the hills near the sea and who has reputed power to heal the sick and crippled. Tom Burke and his band in their haunt in the New York underworld read his miracles and conceive the idea of capitalizing them for their own gain. So they go to the town where the old man lives and frame up a miracle for him. To their surprise they discover that he really possesses the healing powers accredited to him. Gradually under the beneficent influence of their new environment there is worked a transformation in the hearts of the crooks. This feature will be shown Wednesday night for the last time.

"Up in Mabel's Room."
Do women love to torment men as much as they love to torment and tease one another? Does a woman really ever know what her motives are and exactly what she intends to do? These are two of the fascinating problems presented to audiences in "Up in Mabel's Room," the funniest and most original farce of the decade which A. H. Woods will present at the Auditorium on Thursday, December 11 for an engagement of one night direct from a year's run in New York and Boston. "Up in Mabel's Room" has been aptly described as a frivolous farce of feminine follies. It is in three acts and the work of Wilson Collison and Otto Harbach. The action transpires in the country home of Arthur Weldon on Long Island. Here Garry and his bride have come to spend their honeymoon. Unfortunately, Weldon has invited other guests, among them a fascinating widow named Mabel of whom Garry was fond of in his bachelor days and who reciprocated his affection. Mabel has in her pocket a little chemise—a gift from Garry on which is inscribed "Mabel from Garry." Now, Mabel isn't mean, but she is certainly mischievous and she conceived a sudden desire to show Garry's present to his bride. It therefore becomes imperative that Garry recover the chemise by hook or crook. Seats now on sale.

"Sunshine."
The American people are beginning to realize how important music is. Never before in the history of the nation has there been so much money spent for musical organizations, musical instruments and concerts of such wide-spread interests in musical education. Appropos of this, Alexander Johnstone the composer of the musical operetta "Sunshine" has placed in the score a number of melodies that should appeal to lovers of good music. Throughout the entire two acts and three scenes of "Sunshine," the music is of such a nature that it compels applause from the most blasé theatergoers. Twenty big song hits are to be heard and each and every one constituting a musical gem. The fact of the music being high class, it has been necessary to secure a cast of special musical training and this season Mr. Carle, the bright, particular star, has surrounded himself with such artists as Caroline Andrews, the prima donna of the Chicago Grand Opera company, David Quixano, the well-known tenor, who has appeared in the better class of musical shows, Marian Baker, a contralto who has toured the country in concert work and others of equal merit. In order to give the production a proper presentation, Mr. Carle has with him a special Symphony Orchestra, numbering fifteen trained musicians, which assures the proper rendition of the many tuneful melodies.

A Woman's Message to Women:

When I received your generous trial treatment, I was very much interested in life, was irritable and nervous, but believe me when I say your treatment gave me relief at once, and now I feel like a new woman. The terrible pains in my side and the heavy dragging down feeling are all gone. I honestly believe I was saved from an operation. Mrs. Summers' Opaline Remedy is truly a Godsend to suffering women. Please print this in your paper, I will send you a letter of appreciation.

MRS. T. G. CARTER, 209 Russell Ave.

DETROIT, MICH.

"Six months ago I wrote for a sample of Mrs. Summers' Opaline treatment. I had spent hundreds of dollars seeking health, before I overcame my prejudice to advertising medicine and used your remedy. I was just at the point of having an operation, as I was in terrible shape from not having any care after confinement. I ordered six boxes of your treatment, and today I am a well woman, can do my work and enjoy myself. Please cannot express my gratitude. Use my letter whenever you wish, as I am confident there is nothing in the world like the Opaline treatment."

MRS. CHARLES LENTZ, 115 Sheridan Street.

Only a Woman Knows a Woman's Trials and Understands Her Need of Sympathy and Help. That is why hundreds of women gladly testify to the value of Mrs. Summers' popular Opaline Remedy in relieving so much of the misery and suffering known only to women.

REMARK: If you are troubled with some of those special ailments of women—

SEND FOR A FREE TEN DAYS' TREATMENT

With illustrated, descriptive copy of "Woman's Own Medical Advisor." Test Mrs. Summers' Opaline Remedy for yourself. In your home, without the knowledge or aid of anyone. You can then continue if you wish, at about 12c a week. For twenty-five years women proved it a reliable, safe and effective remedy for all the troubles of women. Used by old and young and does not interfere with daily work. Write in confidence, to your letter is open, read and answer. For the Free Trial, address:

THE SUMMERS MEDICAL CO., Women's Dept. O, South Bend, Ind.

(Mrs. Summers' Remedies Are Sold At Leading Drug Stores.)

(Continued From Page 7)

goes a play that will be held in fond remembrance by members of the present theater-going generation. As a happy blending of tears and laughter it will occupy a niche in American theatrical history with "The Old Homestead" and "Way Down East," while among those who praised the religious appeal of "Ben Hur" it will be cited as an example of a comedy without blushes. The story deals with a type of youth common to every small town in America—the youth who leaves home to seek his fortune in the city. Now Joe Bascom succumbs to the influence of fast company and the fascination of gambling. He is restored to the right track by mother love, is told in a story of simple directness. The advance sale opens Thursday morning.

ALHAMBRA

"The Midnight Patrol."

Take a corrupt political boss, a beautiful but friendless girl, a fearless woman in charge of a rescue home in the slums, a Chinese picture, several brave policemen and a squad of the blue-coated guardians of the public's well-being, and you have the picture of the day there are a number of faces familiar to Fairbanks' picture followers. This marks the sixth picture in which Marjory Daw has played the leading feminine role opposite Douglas Fairbanks, who plays the villain. Lillian Langdon appeared with Fairbanks in "The Lamb," the first picture the ever made, and has been seen in other pictures with him.

John Corlies, star of "Mickey," has another big feature in "Jinx," a circus picture that comes to the Alhambra on next Friday and Saturday. Its a feature on the new 1920 Goldwyn Program and is full of thrills, laughter and pathos from start to finish.

GRAND

Do you believe that an unwise promise is better broken than kept? And would you keep a promise at the risk of your life?

John Corlies loved pretty Nell Loring. But a bitter feud existed between the girl's sweetheart and her father.

MAKING THE FAMOUS PEACH JAM IN "TURN TO THE RIGHT" AT THE AUDITORIUM THEATER SATURDAY AFTERNOON AND EVENING.

fare: Chinatown scenes, joss houses, underground dens and accompanying mystery and thrill—and you have a fine conception of what "The Midnight Patrol" Select Pictures' great special attraction is like. "The Midnight Patrol" was produced by Thomas H. Ince and is shown at the Alhambra last night.

The story concerns the efforts of a political grafter to maintain his illicit commerce in every vile way and at the same time to kidnap a beautiful girl who is the daughter of a drunkard. How these efforts are frustrated by brave officers of the police force with the aid of Patsy, a girl who heads the Chinese Rescue Home in the Oriental quarter, and how the crooked "boss" is finally brought to bay and the girl saved, forms the general outline of a complicated plot, full of surprises, thrills, mystery, and brave deeds on the part of the police. There are incidents on board ship, episodes in opium dens and similar exciting scenes throughout the film.

and it seemed likely that some day the quarrel would end in a tragedy. Nell, knowing this, begged Corlies to promise her that he would never kill a fellow-being, but neither dreamed that the future held a vision of John confronted with the necessity of leaving undefended his very life because of his pledge. The outcome of this perilous situation and the stirring events which transpire thereafter make "The Unbroken Promise" one of the strongest photoplays that has come to the Grand. This picture is at the Grand today and tomorrow. Cole Henry in "Pants" is the added feature.

First Run Picture.

Everyone who sees "The Joyous Liar," J. Warren Kerrigan's newest Robert Brunton picture, released by Rodkinson at the Grand, Thursday and Friday, will notice, during the thrilling fight scene near the start of the picture, what a subtling effect a "swipe" with a poker has upon the star.

LEIC

Zarrow's National, a high-class musical comedy company presenting tabloid version of the big city successes, made their initial bow to a Newark audience yesterday when they presented "Two Gay Wife Deceivers," a tabloid version of "Are You a Mason?" Frank Melrose appeared in the character role and pleased immensely. The Cunard sisters are capable dancers and singers.

GEM

Here are several quotations from the story of "Chasing Rainbows," which are eloquent of the potent force of the

new Wm. Fox photoplay in which Gladys Brockwell is to open on Wednesday at the Gem theater.

"What does a girl like Alice want to know 'how the Bible' She can't eat it, can she? I've seen nice old ladies in spectacles come along holding their skirts back and pat girls on the head and tell 'em fairy stories and give 'em a tract."

WILLIAM FOX PRODUCTION

new Wm. Fox photoplay in which Gladys Brockwell is to open on Wednesday at the Gem theater.

"What does a girl like Alice want to know 'how the Bible' She can't eat it, can she? I've seen nice old ladies in spectacles come along holding their skirts back and pat girls on the head and tell 'em fairy stories and give 'em a tract."

The Price of Pork Chops and Bacon

Here are reasons why the fine, fresh pork tenderloins and pork chops, or savory ham, or crinkly bacon, which you enjoy for breakfast, cost much more per pound than the market quotation on live hogs which you read in the newspaper:

An average hog weighs 220 pounds.

Of this, only 70 per cent (154 pounds) is meat and lard.

So, when we pay 15¢ a pound for live hogs, we are really paying more than 21¢ a pound for the meat which we will get from these animals, even after taking into account the value of the by-products.

But people show a preference for only one-third of the whole—the pork chops, fancy bacon, and choice cuts from juicy hams.

This means that when we are selling Premium bacon at 43½¢ per pound wholesale and Premium hams at 30¢, there are other parts for which we get as low as 6¢ or 8¢ per pound. The net result is an average profit to us of less than 1¢ a pound.

The choice cuts are higher because of a demand for them.

Another thing: Only 35 pounds of the entire hog—or about 1/6 th—is usually marketed at once. The rest must be pickled, cured, or smoked. This takes months, and adds to the costs which must be met.

A NASTY COLD EASED AT ONCE

"Pape's Cold Compound"
then breaks up a cold
in a few hours.

Don't stay stuffed-up! Quit blowing and snuffling! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken usually breaks up a severe cold and ends all gripe misery.

The very first dose opens your clogged-up nostrils and the air passages of the head; stops nose running; relieves the headache, dullness, feverishness, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and costs only a few cents at drug stores. It acts without assistance, tastes nice, contains no quinine—insist upon Pape's!

Sure Way To Get Rid Of Dandruff

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail.

WHILE WAITING FOR FORD TO GET A SHAVE, EDISON SCANS THE NEWS

Latest picture of Thomas Edison.

Thomas A. Edison never wastes any time. While on an automobile trip recently with Henry Ford and John Burroughs, Ford discovered, on reaching Springfield, Mass., that he needed a shave, and Burroughs remembered that he had to send a telegram. The machine was drawn up near a barber shop, and while Ford and Burroughs looked after their personal matters Edison bought a paper and eagerly read the latest news on the coal strike. It was just at this moment that a photographer happened along and took a picture of the great inventor.

Milady's Boudoir

Hands that are Beautiful.

Beautiful hands are much sort after, but even if they are not just the right shape and color, constant attention and care will make them look well enough to satisfy the most critical. As cold winter weather comes, it is well for women, who wish white hands, to give more than the ordinary attention to them. The following paste is good to use at night during the cold season.

Beat the yolks of two eggs, add two drams of rose water, one ounce of glycerine, one ounce of sweet almond, two drams of thimble of benzoin and two ounces of distilled water. Beat these ingredients well together until they are smooth, and then slowly stir enough rice powder to make a very thin paste. Cover the hands at night with this paste and slip on a pair of loose cotton or chambray gloves.

Once, at least, during the day, rub the hands well with this paste, using a downward motion. That is rub down from the finger tips toward the elbow. Let this stay on for half an hour and then wash in warm water, while soap and a few drops of benzoin. Wipe the hands very carefully until thoroughly dry.

Care should be used to keep the hands covered when out of doors, and in extreme weather, never allow them to become at all chilled. The use of a muff or very warm gloves is advised for those who really wish to have and keep their hands beautiful.

Our Boys and Girls

It is an excellent plan to make children, particularly delicate ones, indulge in nap once or twice during the day. Children are very apt to overdo and it will keep their strength. This plan is followed. If young children are allowed to, they will play continuously until they are so fatigued that they become nervous and restless and cannot stop, but must keep in motion.

The daily nap is of the greatest service to growing children, and once the habit is formed, it can easily be kept up, and the child's health and vigor sustained even in trying winter weather. A regular playroom, so arranged as to be free from danger points, would be a great boon, not only to the children, but to the heads of the household, particularly in snowy and boisterous weather.

The floor of the children's playroom should be covered with coconut matting, which can be easily taken up and shaken twice a week. There should be no sharp cornered tables or desks in this playroom, or chairs of rockers or other furniture on which the little ones will be apt to get injured while playing.

Everyday Etiquette

"I wish to announce my engagement.

Can you tell me of some original way of doing it?" pleaded Mary.

"Entertain some of your girl friends at luncheon," During the meal have the doorbell ring and let the maid bring in a telegram to the hostess. She should then ask permission to open it and then read aloud the notice of engagement." Helped her young married friend.

"Is it proper for a man to shake hands when introduced to a woman?" was the query of Ted.

"If the woman extends her hand he should take it. It is a woman's privilege to take the initiative in this particular," answered his father.

Old Greeks Had Small Heads.

The ancient Greeks, one of the most intellectual of nations, were distinguished for their small heads.

Nobody Envy a Dead Man.

Everybody envies the man who is going to die rich, but the moment he is dead everybody ceases to envy him.

Some Distance.

Hewitt—Times have changed. Jewett—Yes, it is a long way from grandfather's clock to a wrist watch.

Wise to Himself.

Helen—I think Jack is simply wonderful. Helen—Yes, the trouble is he thinks so, too. —Boston Transcript.

SWITCH OFF!

Put aside the Salts, Oil,
Calomel, or Pills and
take "Cascarets."

Are you keeping your bowels, liver, and stomach clean, pure, and fresh with Cascarets, or merely whipping them into action every few days with Salts, Cathartics, Pills, Oil, or Purgative Waters?

Stop having a bowel wash-day. Let Cascarets gently cleanse and regulate the stomach, remove the sour and fermenting food and foul gases, take the excess bile from the liver and carry out of the colon and bowels all the constipated waste matter and poisons so you can straighten up.

Cascarets tonight will make you feel great by morning. They work while you sleep—never gripe, sicken, or cause any inconvenience, and cost so little too.

**APPLY POSLAM
STOP ALL WORRY
OVER SICK SKIN**

Discourage at once the progress of any skin disorder by spreading Poslam gently over it. If you are distressed by eczema or other itching trouble remember that Poslam supplies at once a soothing, cooling influence to aggravated skin, that it stops the fiery itching, that it exerts concentrated healing power, working quickly and energetically to rid your skin of its evil condition. Moreover, Poslam will not, can not, injure and it takes only a little to prove its benefits.

Sold everywhere. For free sample write to Emergency Laboratories, 243 West 47th St., New York City.

Poslam Soap is a daily treat to tender skin. Contains Poslam.—Adv.

"SAVED MY LIFE"

SAYS MRS. GROCE

"I feel I owe my life to Dr. Parker's Treatment for Constipation and Indigestion," says Mrs. J. Groce, 66 years old. "I doctored with several doctors who claimed that the nerve system of my stomach had broken down and for several months I was unable to leave my room. I could eat no solid foods, lived on beef tea and water off burnt bread. The gas on my stomach would cause spells of belching, that would last an hour, and everything soured on my stomach. I was given up to die by my family and friends, when a friend recommended Dr. Parker's Treatment. One box gave me great relief and three boxes cured me. I can now eat solid foods and am now doing my own work. I certainly think Dr. Parker's Treatment a wonderful medicine."

Try Dr. Parker's Treatment for Constipation and Indigestion at our own risk. Your dollar refunded if it fails to relieve your suffering. For sale by all druggists.—Adv.

HEALTH BREW

Guard Against Influenza and Pneumonia.

Don't stake your life against the deadly germ. Keep your system in condition to ward off disease. Bulgarian Blood Tea sweetens the stomach, flushes the kidneys, tones the liver and purifies the blood. Take it steaming hot at bedtime. Knocks a cold out at once. Sold by druggists everywhere.

If your druggist is out of it you should have it at once—quick shipment by insured mail. Send 65 cents for a two months' supply, or \$1.25 for a large family five months' supply. Address: Marvel Products Co., sole manufacturers of Bulgarian Blood Tea, Marvel Building, Pittsburgh, Pa.—Adv.

Especially the Walking Kind.

Want to Feel Just Right?

Take an NR Tonight

JUST TRY IT AND SEE how much better you feel in the morning. That "lousy" headachy, tired, don't-know-what's-the-matter feeling will be gone—you'll feel fine.

TROUBLE IS, your system is clogged with a lot of impurities that your over-worked digestive and eliminative organs can't get rid of. Pills, oil, salts, calomel and ordinary laxatives, cathartics and purges only force the bowels and prod the liver.

Nature's Remedy (NR Tablets) acts on the stomach, liver, bowels and even kidneys, not forcing, but toning and strengthening these organs. The result is prompt relief and real, lasting benefit. Make the test. Nature's Remedy will act promptly, thoroughly, yet so mildly, so gently, that you will think nature herself has come to the rescue and is doing the work.

And oh, what a relief! You'll be surprised to find how much better you feel—brighter, better every way. If habitually or stubbornly constipated, take one NR Tablet each night for a week. Then you'll not have to take medicine every day. Just an occasional NR Tablet after that will be sufficient to keep your system in good condition—keep you feeling your best.

"Gets-It" Peels Your Corns Right Off

Two Drops Will Do It Without Fuss or Trouble. Never Fails.

There's only one way to get rid of a corn, and that is to peel it off as you would a banana skin. There is only one corn remover in all the world that does it that way, and that

There's No Corn "Gets-It" Will Not Get. "Gets-It" is today the best seller among corn-removers on this planet. It means the end of "corn-biting." For hard corns, soft corns, very old corns, young corns, corns between the toes and calluses, it means a quick, certain finish. "Gets-It" is applied in 2 or 3 seconds. All you need is 2 or 3 drops. As easy to do as signing your name. It does away forever with tape, plasters, bandages, knives, callusers, files and blood-bringing razors. Ease your corn-pains, be corn-free at last. "Gets-It" is the only safe, guaranteed, money-back corn-remover, costs but a trifle at any drug store. Mfg'd by E. Lawrence & Co., Chicago, Ill.

Sold in Newark and recommended as the world's best corn remedy by T. J. Evans, IV, A. Erman and R. W. Smith.

WHEN YOU CATCH COLD TRY BOWEL TREATMENT

Here's the quickest way to break a cold—before retiring take a hot bath, drink a hot lemonade, take Nitelets and get into a warm bed. In the morning the cold will be broken. Nitelets are an excellent laxative for keeping stomach, liver and bowels in condition. Pleasant to take, mild in action. 10c and 25c.

Sold and recommended by Evans' Drug Store, Erman Drug Store, West End Pharmacy, R. L. Williams and C. W. Redman & Co.

MAN'S BEST AGE

A man is as old as his organs; he can be as vigorous and healthy at 70 as at 35 if he aids his organs in performing their functions. Keep your vital organs healthy with

The world's standard remedy for kidney, liver, bladder and acid troubles since 1894; corrects disorders, stimulates vital organs. All druggists, three size. Look for the name Gold Medal on every box and accept no imitation.

DRUG OF MARVELOUS POWER

Bayard Taylor's Description of Sensations Under the Influence of Hashish is a Classic.

Hashish may be reckoned one of the most classic of all intoxicants. Herodotus, the "Father of History" speaks of its use among the ancient Scythians, and it was doubtless the drug referred to by Homer as "the assuager of grief" in the house of Menelaus. Bayard Taylor's account of his sensations on first taking it at Damascus is memorable. It put him in a state of mental exaltation where in all sensations as they arose suggested more or less coherent images in a double form, one physical, the other spiritual, and the latter revealing itself in a series of indescribably brilliant metaphors. A few minutes after taking the drug he found himself at the foot of the Great Pyramid. A wish instantly transported him to its summit, far above the palm groves and wheat fields of Egypt. Then, looking down, he observed that the pyramid was not built of stone, but of gigantic blocks of "plug-tobacco." For a moment he writhed in a perfect paroxysm of laughter at this ludicrous discovery. Then his senses were ravished with delicious perfumes, and there came to his ears divine melodies and harmonies such as Beethoven might have dreamed. Time and space seemed vastly extended, so that a minute seemed an hour and an hour a year, while his friends in the same room with him seemed miles away, as though he were viewing them through a reversed telescope.

ANIMALS POINT OUT RICHES

Innumerable Instances Where Prospectors Have Been Aided in Search for Earth's Treasures.

A very large gold nugget is said to have been found the other day in a wild bee's nest in Australia. The story seems likely enough. For Australia has yielded all the really monster nuggets to date—the "Welcome" weighed 2,195 troy ounces and was valued at \$43,500—and one of the biggest was discovered by a prospector who stubbed his toe against a projecting angle of it.

On the Wind river Indian reservation in Wyoming prospectors look for grains of gold brought to the surface of the ground by ants. And in Arizona anthills are a common source of excellent garnets which are fetched to the surface by the industrious insects.

During the war we had grievous need of antimony to harden shrapnel bullets. The latter are of lead, but require the addition of 15 per cent of antimony to enable them to hold their shape when the containing shell explodes.

Accordingly, the government sent out experts to look for deposits of the metal, and the most productive antimony mine that we now have in this country was located by the help of a badger, earth thrown out of the creature's burrow showing a glint of the precious stuff.

TNT Wins Contest With Dynamite.

A contest was recently staged between 40 per cent dynamite and trinitrotoluene, and the latter won, says the Scientific American. Two concrete piers had to be blasted out and this gave an opportunity for a comparative test of the two explosives, with the result that 14.9 cubic feet of concrete were removed per pound of TNT, and only 14.1 per pound of dynamite.

TNT is no doubt destined to be used extensively in engineering work, as it is less sensitive than dynamite, but greater precautions must be taken to ventilate after a shot, owing to the large amount of carbon monoxide which is one of the principal products of combustion.

More Than Master of Languages.

Wilfred Stevens, one of the chief translators of the state department at Washington, speaks 33 languages, although he has never been outside of the United States and has never been to college. One of the languages is an invention of his own, which he says is an improvement over Esperanto. Among his list of languages are Chinese, Japanese, Persian, Turkish, Armenian, Arabian, Bulgarian, Croatian, Russian, German, Portuguese, French, Spanish, Italian, Yiddish, Swedish, Norwegian, Dutch, Hungarian, Finnish, Ancient Greek, Latin, Hebrew, Polish and Romanian. He has also mastered three so-called universal languages—Esperanto, Ido and Ufano, the latter his own idea.—Detroit News.

For Repairing Punctured Tires.

The cement for repairing apertures in submerged ships of a Cardiff patent consists of five parts by weight of crude rubber dissolved in naphtha, three of rosin, two of white lead, nine of coal pitch, and one-fourth part of shellac. The heated mixture is used for cementing metal surfaces and may be applied to cloth to form an adhesive patch. The material may be thinned with naphtha, when it is suitable for paint.

Placing Blame Where It Belongs.

"H'm, h'm!" grumbled Farmer Hornbeak, gazing down the rows. "So that's the way you planted the corn, eh? Looks like you were staggering full of hard cider when you done it!" "Aw, them rows was straight when I planted 'em," doggedly replied the hired man. "The hot sun has warped 'em; that's all."—Kansas City Star.

A new white enameled steel kitchen cabinet is made in units to fit any desired space.

PET CORNS

Few Drops of "Freezone," Then Lift Corn Right Off

A tiny bottle of "Freezone" cost so little at any drug store; apply a few drops upon any corn or callus. Instantly it stops hurting, then shortly you lift that bothersome corn or callus right off with your fingers. Truly No humbug!

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No gripping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth"—bad breath—a dull, tired feeling—sick headache—torpid liver—constipation, you'll find quick, sure and pleasant results from one or two of Dr. Edwards' Olive Tablets at bedtime.

Thousands take them every night just to keep right. Try them. 10c and 25c.

Beauty Answers

By MADAME EABEE

THERE are many things which will remove superfluous hairs—but many of them so irritate, burn and redness the skin as to make it a sight to look upon. It is no longer necessary to go to it in such a savage manner. Superfluous hair can now be removed by an application which is absolutely safe and never fails to remove every hair so thoroughly that not a vestige of it remains. There is only one thing that will do this, and that is a safe solution. This can be obtained from any drug store for one dollar. The hairs are merely moistened with it for a few moments, and then the hairs are seen literally to wither and dissolve away and are wiped off leaving a skin absolutely perfect, spotless, soft and smooth. This is the sensible method, and no matter how sensitive the skin, or how thick the hair growth, it never fails to remove the hairs completely and thoroughly.

MISS T. O. C.—You will be surprised at the results if you will use my formula for beautifying the skin. I can promise you really and surely an exquisite complexion in a mighty short time, with a tint like the rose, and as soft as a lily. This cream makes this cream at home yourself and use it. You will positively never find anything else to equal it. Now get from your druggist one ounce 50 cents worth, of zintone and mix it with two tablespoonfuls of glycerine in a pint of water. This makes a rich, satiny cream. Use it freely every day—and you will have your dream come true.

MISS ANXIOUS—A remarkable preparation to prevent excessive perspiration in the armpits is hydroalcohol talc. It is absolutely safe, keeps the armpits naturally fresh and dry, and you will have no more growths ruined because of perspiration. Any drug store can supply you. 50 cents worth will last many months. It also destroys the odor of perspiration and other objectionable body odors.

To Reduce Dangerous Varicose Veins

People who have swollen veins or bunches should not wait until they reach the bursting point, which means much suffering and loss of time, but should at once secure from any reliable druggist a two-ounce original bottle of Moone's Emerald Oil (full strength).

By using this powerful, yet harmless germicide treatment, improvement is noticed in a few days and by its regular use swollen veins will return to their normal size and sufferings will cease to worry. Moone's Emerald Oil treatment is used by physicians and in hospitals and is guaranteed to accomplish results or money returned.

It reduces all kinds of enlarged glands, goiters and wens and is used exclusively in many large factories as an unfailing first aid to the injured antiseptic. W. A. Erman can supply you.

PHOSPHATED IRON MAKES PURE BLOOD AND STRONG NERVES

Red blooded men and women are leaders in every walk of life. Work is a pleasure and they are successful in everything they undertake.

A leading doctor says, "Show me a strong successful man or healthy, happy, rosy-cheeked woman, and they will always have pure blood and steady nerves, loaded with iron and phosphates."

There is no need of anyone going through life with poor blood, sick, miserable, played out, and nervous, when Phosphated Iron will always bring most astonishing and satisfactory results in pure blood and greatly increased energy, health and strength in the body, mind and nerves.

Phosphated Iron cannot fail to put you on the road to health. It often increases the strength and endurance of run-down exhausted folk 100 per cent after only a few days' treatment. Commence today. Do not put off. It will repay you.

Phosphated Iron is put up in capsules only. Do not take inferior pills or tablets. Ask for Phosphated Iron Capsules. For sale by Evans' drug store and leading druggists everywhere.

HAVE SIMILAR FINGER MARKS

Important Discovery Made by California Professor as to Peculiarities of Family Groups.

Prof. J. A. Larson, instructor of physiology in the University of California, announced a new discovery in connection with finger prints which is likely to have a remarkable influence on many important cases that concern the law courts of California.

Briefly, Professor Larson's discovery indicates that a similarity of finger prints among members of a family is sufficiently marked to enable scientists to trace family groups and determine positively whether a given individual is really a member of the family to which he claims relationship.

The importance of the discovery in probate cases such as the Slingsby case is obvious.

Should Dr. Larson's new discovery be accepted by law and science, the Slingsby decision may be reversed, as well as many other analogous cases.

Dr. Larson's investigations began in 1913 at the Boston university.

"Since that time I have examined prints of members of approximately 100 families," he said, "and I am satisfied in my own mind that such a means of identification is possible. I am preparing detailed reports of my work now in order that science may be benefited by my discovery. Before I complete this, however, I expect to investigate the prints of fifteen or twenty additional families so as to remove all doubt as to the accuracy of my discovery."—San Francisco Chronicle.

AMBER FORMED BENEATH SEA

Natural Resin of Pines Turned Into Precious Material by the Action of the Elements.

The world's supply of amber, that rare and therefore precious substance, the "gold of the north," as it has been called, comes from the coast of Samland in the eastern Prussian peninsula, between the towns of Burstorf and Palmnicken, and here the shafts of a famous mine run out under the Baltic and the miners are actually working under water. Ages ago the country was a land of pine forests which the ocean overwhelmed; the pine trees vanished beneath the surface of the sea, and then, century by century, the wood became fossilized and the natural resin of the pines was turned into amber. Millions of years were needed to transform the resin into amber, and the search for amber has developed romantic and picturesque episodes like those that have become part and parcel of the story of gold and diamonds. An amber mine, however, is not necessarily under water, and there is an open-air mine at Palmnicken where amber is dug for in much the same way as diamonds are sought in the mines of Kimberley. In normal times this one mine provides occupation for about 3,000 amber seekers.

Our Own Masters.

We have been told that America is to save the world and rescue civilization from dissolution, but we must do it in our way; in the way that has made us, in a little more than a century, the most unified, the most virile, and the most potent single power in the world. And when we ask ourselves what it is that has given us this unity, this virility, and this potency, the answer is, that we have founded this nation upon principles of law, and upon the guarantees of individual rights under the law. That is our great contribution to civilization; and if we are to be of use to other nations, old or new, our first thought must be to remain our own masters, to preserve our independence, to control our own forces as a nation by our own laws, and to protect our heritage of organized liberty from any form of detraction or perversion.—David Jayne Hill in the South American Review.

Giant Warrior of Middle Ages.

The pride and magnificence that played their part in the days of chivalry can hardly have a better illustration than the suit of equestrian armor which has recently been placed on exhibition in the Metropolitan Museum of Art in New York city. Sieur Jacques Gourdon de Genoulhac wore the suit in the sixteenth century, and Sieur Jacques was an uncommonly large and powerful warrior, who served under Louis XII and Francis I. of France. As may be deduced from their armor, the knights of the period were not noticeably large men, and Sieur Jacques must have seemed a veritable giant, for a six-foot attendant at the museum has tried on his armor and is said to have "merely rattled around in it."

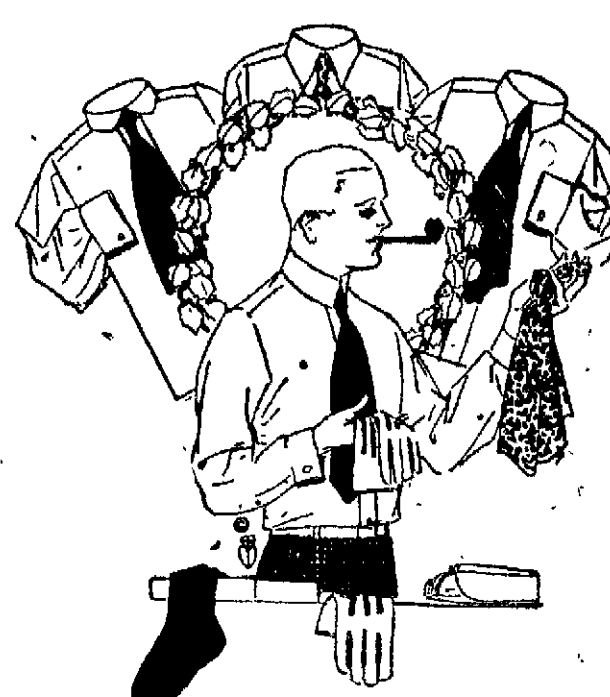

Sea Moss.

Owing to the war the supply of "sea moss," of which several hundred thousand pounds, valued at almost \$50,000, have been imported annually, for the most part from France and Germany, has virtually come to an end. Sea moss (not seaweed) is the popular name of several kinds of small marine animals that grow in colonies of a branching, plantlike form. Their commercial value arises from their having a horny skeleton which preserves the general plantlike shape of the growth.

Difference of Custom.

"In old England people showed their excitement by saying 'Zounds!'" "And in New Jersey the commuters say 'Zones!'"

In proportion to population Japan has more suicides than any other civilized nation.

A BIG ARRAY OF GIFTS THAT MEN LIKE TO RECEIVE

FEW men have too many Shirts, Collars, Ties, Hose or Handkerchiefs and for that reason they are always glad to receive them for Christmas.

AND of course the place to buy them is where the Quality, Style, Assortment and Service is the best to be had. Most men who know—prefer them from this store. You will know why—after you see our wonderful display of—

WAR LITERATURE IS CLUB THEME

Travelers Discuss Books and Music Growing Out of War—Quartet Renders Numbers Mentioned in Club Paper.

(Special to the Advocate)

Granville, Dec. 9.—Mrs. Horrick presided at the meeting of the Travelers club Monday afternoon, and announced that the program would consist of two papers, the one on "War Literature," the other on "War Music." Mrs. W. E. Clemons gave it as the consensus of opinion among literary critics that the World War had been responsible for two great books, "Mr. Britling Sees It Through" and "The Four Horsemen of the Apocalypse," with the "great American novel" yet to be written. She cited many exquisite poems produced from the world conflict and illustrated with the reading of a few of them.

Mrs. Susan T. Bayden illustrated her talk on "War Music" by illustrations given by the Commons club quartet, Messrs. Louis Gaines, Adolph Talbot, Donnelly and Dean, with Mr. Stuart at the piano. She spoke of bugle signals, community music and war music in general, the oldest and best war songs back to the "Song of Roland" and the "Song of the Civil War" contrasted with the lighter songs of the present war. She spoke of the music in the trenches, the Y M C A. arrangements for the big singers such as Mrs. Schumann Heuck, and others and closed with a brief recital of familiar songs by Mr. Donnelly as soloist with the quartet. The Travelers' program before the federation was announced for April.

Dr. C. L. Williams was guest of honor and after dinner speaker at the "D" banquet Saturday evening at the Warden in Newark.

Prof. and Mrs. August Odebrecht entertained at dinner Monday evening at their home in Burg street in honor of the new teachers in the public school, Miss Winifred Green, Miss Hester Cortright, and Miss E. A. McLean.

Miss May Stark went to Alexandria this morning to attend the funeral of her brother-in-law, Milton Forsythe whose sudden death from apoplexy occurred Saturday morning at his home north of Alexandria.

Mr. and Mrs. Wilke Moody announce the birth of a daughter in the Newark hospital, Monday.

At the banquet to be given this evening in the Presbyterian church by the War Mothers for the local soldier boys, covers will be laid for 140.

Miss Alice Wilkinson, Red Cross public health nurse, was hostess at tea in headquarters rooms Saturday afternoon, following a conference with Mr. and Mrs. J. S. Jones, Miss Una Ackley, little Sallie Jones, and Messrs. C. H. Dickerson, Rowland Sheets and Howard Bennett.

Mrs. Carrie Altroge has returned from a week end visit to Miss Magdalen Lewis in Delaware.

There's something really fascinating about the nut-like flavor of Grape-Nuts

The strength and nutrition gleaned from this wheat and malted barley food make it a most sensible breakfast cereal, while its low cost adds true economy.

CITY GETS MORE OF ARMY FOOD

Carload of Canned Goods Is Shipped Monday But Clothing, Blankets, Etc. Probably Will Not Come.

Captain Richards of the army store in High street, Columbus, stated today that a car load of goods was shipped to this city from the Columbus supply depot yesterday afternoon and should arrive in Newark this afternoon or evening.

The shipment consists of 200 cases of tomatoes, No. 3, 200 cases of tomatoes, No. 2; and 100 cases tomatoes No. 10. There are 400 cases of pork and beans, 25 cases of corn, 25 cases of beans, 5 boxes of farina and 4 big boxes of tea.

Mayor Atherton ordered three car loads of goods but Captain Richards stated that it was very doubtful if the other two would be shipped owing to the fact that the supplies were low and the government was not replenishing the stock at the Columbus depot. If the stock is replenished it will be weeks possibly before Newark could be supplied. He said that the car orders from larger cities had completely exhausted the stock.

In addition to the goods named above Mayor Atherton had ordered corn, cloves, flavoring extracts, mustard, nutmeg, peas, pepper, pumpkin, tapioca, rubber, arctic, hip boots, blankets, brushes, ash and garbage cans, summer and winter underwear of all kinds, gloves, kettles, combination overalls, socks, towels and several other articles.

The West Main street room will not be utilized but the canned goods, farina, cinnamon and tea will be placed on sale at the various fire departments just as soon as it can be unloaded from the cars. Mayor Atherton stated this afternoon that if the car arrives today the sale would begin Thursday morning at 9 o'clock.

SOCIAL AFFAIRS

Monday afternoon at Trinity Parish house an unusual treat was afforded the members of the Monday Talks and their friends. Mrs. Frank Blackford of Columbus, who with her husband has been a resident for 18 years of South America and Mexico, told in a fascinating way of her experiences.

Mr. Blackford, a graduate of O S U, was the civil engineer who extended the railroad for a second hundred miles over the Andes Mountains, connecting the former terminal with the new one. He had many photographs showing the stupendous task—65 tunnels through the mountains—wonderful bridges spanning great chasms, solid roadbeds constructed where only trails had been before, and leading to a point more than three miles above sea level.

Among her curios was a group of figures, representing two llamas and their native driver, the whole made from raw silver valued at \$75, and presented to Mr. Blackford by his native workers as a mark of respect and devotion to him.

Mrs. Blackford displayed also the beautiful Peruvian fabrics, brilliantly striped with the mysterious manner of dye which make them absolutely fast color. There were also exquisitely embroidered shawls, a bridal canopy, and soft fur robe the sable of Peru.

Mrs. Blackford spoke not in lecture style but in an informal and conversational manner which made it delightful.

The wedding of Miss Helen Margaret Gilbert and Mr. Walter Clay Davis, will be solemnized in the Warden apartments at the Warden hotel Sunday evening, December 16, at 6:30 o'clock. Rev. L. P. Franklin, rector of Trinity Episcopal church, will read the service. The bride is the daughter of Mrs. John Volney Gilbert and a niece of Mr. and Mrs. Frank Warden. Mr. Davis is the son of Mr. and Mrs. George Davis of Richmond, Ind.

Rev. and Mrs. T. T. Buell entertained Sunday at their home in Williams street, with a six o'clock dinner for the pleasure of their son, Charles T. Buell. The guests were Mr. Warburton and Harold Resene.

The White Carnation Review will hold a special meeting Wednesday evening at the home of the commander, Mrs. Kraus, 433 Park avenue.

The Christomathean Bible class will meet this evening at the home of Miss Bertha Hopp, 238 Granville street.

The Frances Willard W. C. T. U. will hold its regular meeting Wednesday afternoon at 2 o'clock in the Neal avenue M. E. church. Mrs. Henry Crooks will have charge of the program. The subject for discussion will be "Medical Temperance."

The Eliza Scott Sunday school class of the First M. E. church will meet with Mrs. I. M. Phillips, 32 North Fifth street, Thursday afternoon at 2:30 o'clock.

The Evangelical Mission society will meet with Mrs. L. Vogel, 40 Wilwood avenue, Wednesday at 7:30 p. m.

The Isabel Miller W. C. T. U. will meet with Mrs. Humphreys, 39 Oakwood avenue, Wednesday at 2:00 p. m. A report of the national convention will be given and plans for the year discussed. There is other unfinished business.

Miss Pauline Schonhar was entertained at her home in Ohio street on Thursday evening by a surprise party, honoring her fourteenth birthday anniversary. The evening was spent with music and games, after which refreshments were served to the following: Helen Tyler, Hazel Anderson, Stefina Yadanina, Victoria Vargo, Elizabeth Haban, Laura Beckman, Gizele Lasko, Ethel Jones, Anna Mae Williams, Goldie Gieckler, Nellie Hurbaugh, Mary Oakleaf, Sarah Rinehart, Pauline Schonhar, Ronald Woodard, Ernest Forgiele, Harry Oakleaf, William Gieckler, Joseph Petrick, Douglas Weaver, William Swartz, Thomas Knerr, Donald Kogele, Charles and Lew Schonhar.

The Woman's Aid of the East Main street U. B. church will sew all day in the church basement Wednesday.

Mr. and Mrs. Elmer S. Berry entertained Sunday at their country home near Hebron in honor of Mrs. Mary Hirst of Spokane, Washington. Mrs. Corriella Kelley of Newark, Mr. and Mrs. Jacob Hoskinson, Mr. and Mrs. Joseph Hoskinson, Misses Gertrude, Grace, Esther and Katherine Hoskinson, Misses Eva Kissick and Maria Reed, Lewis, Delbert and Herbert Hoskinson.

GOT INSPIRATION AT PIANO

Immortal Melodies Evolved by Masters While "Their Fingers" "Wandered Idly Over the Keys."

A story is told of Mendelssohn to the effect that the charming arpeggio figure in the Spring song of his "Song Without Words," came to him on a day when he played with his children at the piano, and allowed them to catch his hands, as they wandered over the keys; and it is a fact that many of our most beautiful musical productions owe their origin to extemporizing on the piano.

This is not to be wondered at for many of our greatest musicians have poured out their heart's deepest feelings as their fingers have flitted, in a desultory fashion, over the keys, producing corresponding notes and chords to their ever-changing moods; finding at the keyboard a vent for their inmost thoughts and desires, often meeting with that triumphant response that time can never diminish.

We can see in the works of Chopin and Schumann a proof that in the piano is the origin of many of their most beautiful productions, while in the great symphonies of the old masters their shape, form, and color have been gained at the piano where their fingers "wandered idly over the noisy keys."

This is not so hard to understand when we consider that the method of composing a melody is, in essence, but the picking out and assimilating some melodic tune to which the harmony is afterward added. From this primitive instinct is ultimately produced the immortal tone pictures of the great musicians.

FISH LIAR WORKS OVERTIME

Here Is One Concerning a Salt Herring That Is Challenge to the Imaginative.

That is the worst of those fish stories. Somebody always comes along with a better one.

Recently the Evening News told the V. A. D.'s story of the frozen fish that came to life in the cooking pot. Then a correspondent—a naval officer, it should be said—easily puts that to shame.

"An interesting experiment was tried some little time ago," he writes to us, "with an ordinary herring."

"The fish was put into a large bowl of salt water and every day a small quantity of water was removed and an equal quantity of 'fresh' was substituted, until eventually the fish lived and thrived in purely fresh water."

"The owner was so pleased with the success of his experiment that he then tried removing a very small quantity of water daily until the bowl was empty, and found that the herring did excellently, entirely without water, and as he was so lively in the empty bowl he had to put him in a cage."

"Here he lived happily, hopping from perch to perch just like a bird until one day some sudden noise startled him and he fell into his water trough and—was drowned!"

Words and Music.

The value of words is going up, at least in Rouen. There the courts have decided that the artistic value of the words and music of a poem are equal. At present in the United States and Canada the writer of the words of a song gets only a pittance of the royalties or a small sum outright at the start. In England many of the most popular ballads have brought their writers no more than two or three guineas, while the composer goes on cashing his royalty checks for years. What measure publishers apply to the two arts thus combined to make words so much less valuable than music is rather hard to understand. Verse writers might well send a little gold medal to the just-minded citizens of Rouen who have ruled it a false one.

Unusual Methods Used.

With the end of the war have come many revelations of the unusual methods used by the Germans to spread their harmful propaganda in the countries arrayed against the central powers, and of the clever work which often frustrated their well-laid plans. In one case, mentioned in Popular Mechanics Magazine, what appeared to be an old and worn copy of the works of Homer proved to be a volume of attacks on British rule in India. Only the first few pages of the book were printed with the words of the ancient poet. The remainder, though in Greek type like the beginning, was filled with the diatribe. The volume was addressed to an educated Hindu capable of translating the Greek into an Indian dialect.

Costly Parking Space.

Tired of being taken into court by traffic policemen, because at the time he goes to business his car has to be parked in the street, as day storage is at a premium and access to a public garage at those hours is difficult, Philip Rosenberg, art connoisseur of Philadelphia, has just paid \$16,000 for a stable property which he will convert into a private garage for himself. It is near his place of business.

Babies More Plentiful Than Houses.

"It is easier to find a baby than a house in Sydney now," reports the Bulletin of that Australian city, continuing thusly: "Writer knows a young bride who went to live with her mother pending the discovery of a suitable residence. She has two infants now and is still living with her mother."

DECLARES HE IS HIGHLY PLEASED WITH NEW REMEDY

Well known Thornville citizen suffered from sluggish liver, weak kidneys, nervousness, loss of appetite and constipation.

New herbal remedy, Dreco, gave prompt relief and made him full of energy.

"Seemed like I lost my taste for everything I tasted just all of a sudden. My stomach was so bad, so that I became very weak, and three years ago I was laid up in bed from these troubles, only getting temporary relief from one dose to another," said Mr. Josiah Swick of Thornville, O., near Newark.

"My liver was sluggish and I often had dizzy spells, spots floated before my eyes; my tongue was coated, and I had a foul taste in my mouth; my kidneys were weak, and I often had dull, aching pains in my back. After each meal I'd feel very uncomfortable because of gas troubles which gave my stomach a full, bloated feeling, often with a burning sensation."

"I dreaded for night to come because I was so nervous I could not sleep, but would roll and toss from one side of the bed to the other, and when morning came I would be more worn out and nervous than when I retired the night before."

"Since taking Dreco all these ails have disappeared. My bowels act regularly, no more dizzy spells attack me, the bad taste and foul breath are all gone. I stoop and bend over without a pain in my limbs, and all the aches in my back in the region of my kidneys are gone. I sleep sound all night long, and have to be roused every morning. I can't say enough in praise of this great remedy Dreco."

Dreco is made from the juices and extracts of many herbal plants, which act on the vital organs promptly and in a pleasing manner. Dreco does not contain iron, mercury, potash.

All good druggists now sell Dreco and it is highly recommended in Newark by Evans Cut Rate Drug Store—Adv.

FOUR THOUSAND SIX HUNDRED SAVERS WILL REJOICE WHEN CHECKS FOR \$165,000 ARE MAILED TONIGHT

The "Old Home" makes yearly distribution of Christmas Money to Club members.

Thousands of Newark people will play a Christmas shopping tour for the next few days, for tonight the Christmas Depositors of The Home Building Association company will be mailed checks totaling over \$165,000.00.

This huge sum has been saved by the Christmas club members in fifty weeks, a most remarkable accumulation of money to be made by small weekly deposits.

Newark merchants expect their Christmas season to start in earnest tomorrow when the first of the club members pour in with their money in tent on getting gifts for their families and friends.

Not all the \$165,000.00 will be spent for gifts, however.

Many of the club members will use their Christmas Money to start regular savings accounts, for all of them have learned how easy it is to save when once the habit of making regular deposits is formed.

Other members will apply their checks in partial payments on their homes or use the money to pay interest and taxes. Still others will use the money for insurance premiums and other annual obligations.

Those who ever purchased gifts with their checks will see that all their gifts are of the most practical kind for thrifty saving teaches thrifty buying.

The Christmas Money Club of the "Old Home" just closed had over four thousand six hundred members.

The club has been increasingly popular from year to year, and the fine success and enthusiasm of the 1919 club forecasts a larger and more popular club for 1920 than ever before.

The new Christmas Money club will get next Monday, December 15th. Watch for complete announcement in the Saturday papers.

The Quick Way to Stop a Cough

This home-made syrup does the work in a hurry. Really preventive. Coughs of all kinds stop.

You might be surprised to know that the best thing you can use for a severe cough, is a remedy which is easily prepared at home in just a few moments. It's cheap, but for prompt results, it beats anything else you ever tried. Usually stops the ordinary cough or chest cold in 24 hours. Tastes pleasant, too—children like it—and it is pure and good.

Pour 2 1/2 ounces of Pinex in a pint bottle; then fill it up with plain granulated sugar syrup. Or use clarified molasses, honey, or corn syrup, instead of sugar syrup, if desired. Thus you make a full pint—a family supply—but costing no more than a small bottle of ready-made cough syrup.

And as a cough medicine, there is really nothing better to be had at any price. It goes right to the spot and gives quick, lasting relief. It promptly heals the inflamed membranes that line the throat and air passages, stops the annoying throat tickle, soothes the phlegm, and stops the rough coughs, encephalitis, and severe colds, croup, hoarseness and bronchial asthma.

Pinex is a highly concentrated compound of Norway pine extract, famous for its healing effect on the membranes.

To avoid disappointment ask your druggist for "2 1/2 ounces of Pinex" with directions and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Ft. Wayne, Ind.

The Store of the Christmas Spirit

GIFT-GIVING TIME IS DRAWING NEAR

Christmas shoppers will be out in full force within the next few days. Stores will be crowded, clerks will be rushed and shopping will become a task rather than a pleasure. If you would avoid all of this, do your shopping this week and as early in the day as possible. You will find this store completely filled with gifts of a practical nature, and plenty of helpful, experienced salespeople to serve you.

QUALITY FURS—THE GIFT SUPREME

MAKE SELECTIONS THIS WEEK

Nothing you could give would please Her more than a lovely fur piece of set. Furs make a gift that will be remembered for many Christmases to come, because GOOD furs are always in style and last a lifetime. We pride ourselves on our fur department, because we handle only first quality, guaranteed skins, made up in the correct styles, at prices that are lower than you'll find elsewhere. Let us show you our special Christmas values.

Special attention given to the treatment of Women's and Children's Diseases. Office and Residence moved in the home of the late Judge Edward, 14 NORTH SECOND STREET.
Auto Phone 1951. Bell 177.

JOSEPH RENZ
NOTARY PUBLIC, REAL ESTATE AND INSURANCE
Office over Glenside Furniture Store, West Main Street.
Deeds and Mortgages drawn, affidavits sworn to, and all legal business promptly and correctly handled.

MUTT AND JEFF

No Wonder The Date Was Impressed Upon Jeff's Memory.

(Copyright, 1919, by H. C. Fisher. Trade Mark Reg. U. S. Pat. Office.)

By BUD FISHER

THE MARKETS

Cleveland Produce.
Cleveland, Dec. 8.—Butter: Creamery firsts 74½c; butters 74½c; creamery in tubs extra 76½c.
Cheese: York state 36c.
Poultry: Live fowls 19¢@28¢; heavy grades 26c.

Wall Street.
New York, Dec. 9.—More stringent light and heat regulations and yesterday's late flurry in call money accounted mainly for the irregular to heavy opening of today's stock market. Reactions of 1 to 2 1/2 points were made by steel, motors and numerous other industrial whose operations are expected to suffer further curtailment by reason of the fuel shortage. Among rails where the coal famine already has caused country-wide reduction of transportation facilities, changes were relatively moderate.

Early declines in automobile, oil, steel, equipment and shipping shares were materially increased during the dull first hour. General Motors lost 7 points, Cruesite Steel 5, Atlantic Gulf 2 3/4 and Mexican Petroleum 2 1/2. Most of these losses were recovered when selling pressure relaxed, while food, tobacco and textile issues made actual gains of 1 to 4 points.

Chicago Grain Review.
Chicago, Dec. 9.—Forecasts of a blizzard with consequent uncertain railroad traffic conditions led to a sharp rise in the price of corn. Opening prices which ranged from the same as yesterday's finish to 3/4c lower, with January \$1.45 and May \$1.32 1/4 to 3/4. They were followed by moderate gains all around.

Oats duplicated the action of corn. After opening unchanged to 1/4c lower, including May at 79 1/2 to 79 5/8c the market scored a fair advance. Provisions were lower with hogs.

Pittsburgh Live Stock.
Pittsburgh, Dec. 9.—Hogs: receipts 1200; lower. Heavy hogs 12.10; light hogs 12.15; top hogs 12.25; heavy hogs 12.35; light hogs 12.45; top hogs 12.55; heavy hogs 12.65; light hogs 12.75; top hogs 12.85; heavy hogs 12.95; light hogs 13.05; top hogs 13.15; heavy hogs 13.25; light hogs 13.35; top hogs 13.45; heavy hogs 13.55; light hogs 13.65; top hogs 13.75; heavy hogs 13.85; light hogs 13.95; top hogs 14.05; heavy hogs 14.15; light hogs 14.25; top hogs 14.35; heavy hogs 14.45; light hogs 14.55; top hogs 14.65; heavy hogs 14.75; light hogs 14.85; top hogs 14.95; heavy hogs 15.05; light hogs 15.15; top hogs 15.25; heavy hogs 15.35; light hogs 15.45; top hogs 15.55; heavy hogs 15.65; light hogs 15.75; top hogs 15.85; heavy hogs 15.95; light hogs 16.05; top hogs 16.15; heavy hogs 16.25; light hogs 16.35; top hogs 16.45; heavy hogs 16.55; light hogs 16.65; top hogs 16.75; heavy hogs 16.85; light hogs 16.95; top hogs 17.05; heavy hogs 17.15; light hogs 17.25; top hogs 17.35; heavy hogs 17.45; light hogs 17.55; top hogs 17.65; heavy hogs 17.75; light hogs 17.85; top hogs 17.95; heavy hogs 18.05; light hogs 18.15; top hogs 18.25; heavy hogs 18.35; light hogs 18.45; top hogs 18.55; heavy hogs 18.65; light hogs 18.75; top hogs 18.85; heavy hogs 18.95; light hogs 19.05; top hogs 19.15;
